ROOSEVELT TELLS HOW TAMMANY HELPED ELECT LEADER FOR BARNES REPUBLICANS

SECRETS OF N. Y. STATE POLITICS ARE BARED

Syracuse, N. Y., April 21.—Four chapters of Albany politics were related by Theo. Roosevelt on the witness stand today. The former president gave what he claimed to be details of the election by "Barnes Republicans" asisted by "Murphy Democrats" of an official leader of the Republican party in New York; the cause of the hostilities between Wm. Barnes, Jr., and Governor Hughes; the defeat of the Hart, Agnew racing bill by the Republican organization and the fight he said the combined Democratic and Republican machine, the latter led by Mr. Barnes, made against direct primaries legislation.

He also identified a letter written by Mr. Barnes in which the latter told him, "The idea of getting rid of bosses is absurd so long as you have party government."

Col. Roosevelt was on the stand during the entire forenoon session of court. He was to continue the story this afternoon by which he hopes to prove to the jury that he was justified in causing the publication of the statement upon which Mr. Barnes is suing him for libel.

Discuss Legal Phases At Opening of Session

Before Colonel Roosevelt took the stand at the morning session counsel representing both sides and the court discussed in chambers legal questions in regard to what had or should not be submitted in evidence.

Thomas F. Smith, secretary of Tammany Hall for the past twenty years, arrived at the court house today in answer to a subpoena served upon him by a representative of Col. Roosevelt's counsel. The subpoena calls for Mr. Smith's attendance on three days. This was taken as an indication that this examination would be very thorough.

When the examination of Colonel Roosevelt was resumed Mr. Bowers questioned the witness who said:

"I had conversations with Mr. Barnes regarding the gubernatorial election in 1908. These took place in Washington and possibly in Oyster Bay too."

Colonel Roosevelt was shown two letters, the contents of which he said he had discussed with Mr. Barnes.

Discussed Rightness of "Boss Rule."

"Now what were the conversations?" asked Mr. Bowers.

Mr. Irving, counsel for Mr. Barnes, objected to this question but was overruled and the witness continued:

"The conversations I had were

LEADING FIGURES IN BARNES-ROOSEVELT TRIAL AT SYRACUSE

Left, Theodore Roosevelt (arrow) leaving court house with Attorney Oliver D. Burdick; right, William Barnes (arrow) leaving court house with his body guard, Detective John D. Bowers; insert, Attorney William M. Evans.

These pictures were taken at Syracuse, N. Y., as the leading figures in the famous Barnes-Roosevelt trial were leaving the court house after one of the early sessions. The Syracuse police department has furnished a body guard to both Mr. Barnes and Mr. Roosevelt to guard them against any possible harm while in the city. William M. Evans is chief counsel for Mr. Barnes. Oliver D. Burdick is one of Mr. Roosevelt's attorneys.

WILSON, IN DEFINING NEUTRALITY, POINTS TO AMERICA AS NATION OF SELF-CONTROL

LIQUOR BOARD WILL RESIGN

Columbus, April 21.—The three state liquor licensing board members will comply soon with Governor Willis' request for their resignations, according to information received here today. J. H. Seerest, one of the members, conferred with Governor Willis today and it was said the others, B. W. Glendening and Charles R. Allen, had arranged for a conference soon.

ELECT WOMAN 74, AS MAYOR

Chicago, April 21.—Mrs. A. K. Canfield, 74 years old, was elected mayor of Warren, Ill., yesterday, defeating her opponent, by four votes. Mrs. Canfield is the first woman in Illinois to have been made chief executive of a municipality. Warren's population is about 1,500.

Cassidy Located

Cleveland, April 21.—Friends of James H. Cassidy, former congressman and until recently removed, receiver of the Cleveland and Pittsburgh Coal Co., and the Standard Contracting Company, were startled today by the announcement of Attorney John J. Sullivan that he knew the whereabouts of the missing man.

Cassidy has been absent while federal court officials have been hunting him for two weeks. Sullivan announced that he knew where Cassidy is, that he is ill and that he will return when he has recovered.

BRITISH FLEET OFF NEW YORK

New York, April 21.—A squadron of three cruisers, the most powerful gathered here since the war began, lay off the entrance to New York harbor today.

Closest to the shore lay a four funnel British cruiser, seven miles east of Ambrose channel lightship. Her name and the name of her companions could not be made out, even through glasses. Ten miles east of the Highlands rode the second ship, an auxiliary cruiser, big and with lines that spelled speed.

FOREST FIRES RAGING IN KY.

Lexington, Ky., April 21.—Fires in the forests of Bell county near Pineville are reported today to be burning fiercely. It is said that the principal part of Pineville is in no danger as the Cumberland river separates it from the flames.

The fires in Floyd, Martin, Letcher and Pike counties are also reported to be raging but rain appears imminent, according to the reports.

Wichita Selected

Dayton, April 21.—Wichita, Kansas, was selected today as the next meeting place of the Quinquennial Conference of the United Brethren church for 1917, by the board of bishops, in session here.

Wichita Selected

New York, April 21.—President Wilson, in an address at the annual luncheon of the Associated Press here late yesterday afternoon, gave a definite statement of his idea of true neutrality and of the duties that devolve upon America in connection with the European countries at war. The president declared that the neutrality of the United States was not a petty desire to keep out of trouble, because there was something so much greater to do than fight. A great distinction, he said, was coming to the United States—the distinction of a nation of self-control and self-mastery. He said such a nation was bound to play an important part in adjusting the affairs of the world once the fighting is ended. "We have no hampering ambitions," he declared. "We do not want a foot of anybody's territory. Isn't such a nation bound to be free to serve the other nations?"

The president was introduced by President Frank B. Noyes of the Associated Press, and was greeted with cheers.

"I want to talk to you as fellow citizens of the United States," said the president. "There are serious things which, as fellow citizens, we ought to consider. The times behind us, gentlemen, have been difficult enough; the times before us are likely to be more difficult because whatever may be said about the present condition of the world's affairs, it is clear that they are drawing rapidly to a climax, and at the climax the test will come, not only of the nations engaged in the present colossal struggle, it will come for them, of course, but the test will come to us particularly."

"Do you realize that, roughly speaking, we are the only great nation at present disengaged. We have rolling between us and those bitter days across the water, three thousand miles of cool and silent ocean."

"Our atmosphere is not yet charged with those disturbing elements which must be felt and must permeate every nation of Europe. Therefore, is it not likely that the nations of the world

NEW REVOLUTION IS BREWING IN MEXICO

El Paso, Texas, April 21.—Following recent Villa reverses, activities of the so-called reactionists, composed of former Federalists and revolutionists of whom Huerta and Orozco were former leaders, became more apparent across the border. Several former federal generals have appeared here within the last few days. What is said to be a new revolutionary party has begun the purchase of arms and ammunition in some cases, outbidding the purchasing agents of the Carranza and Villa factions. However, no expeditions have entered Mexico as far as has been learned here, nor have any sympathetic uprisings yet occurred in the interior.

The entry of Obregon into Central Mexico and his apparently successful advance north along the line of the Mexican Central railroad has delayed more than ever the hope of reorganizing the Villa-Zapata movement. Roque Gonzalez Gama, named provisional president at the Aguas Calientes convention, is said to be with General Zapata in the vicinity of Mexico City.

Villa leaders hope to crush Obregon by a concentration of troops from the east and west, combining with the routed army led by Villa in the center.

PITCHER RELEASED

Kansas City, Mo., April 21.—James Baskette, a pitcher obtained last year by the local association club in a trade with Cleveland, was given his unconditional release today by President Tebeau.

WOMAN ARRESTED FOR ALLEGED VOTE BUYING

Paris, Ill., April 21.—The arrest of H. Clay Moss, Democratic politician, and Miss Hattie O'Neil last night on the charge of buying votes at yesterday's city election was expected to be followed by other arrests today. Warrants for a number of others, among them several women, have been issued and Sheriff W. B. McAllister said they would be served today.

Miss Flora Dawson and Miss Hattie Franklin appeared before Sheriff McAllister and alleged that Miss O'Neil paid them \$3 each for voting. It was said that Governor Dummie would be asked to order an investigation of the alleged traffic in votes.

Chicago, April 21.—Results of local option elections in 26 towns and villages in Illinois yesterday were claimed as a victory by anti-saloon leaders today. Eleven towns went into the dry column, abolishing about eighty saloons, and all previously dry territory was retained.

Figures provided by the anti-saloon league, showed that there are now 55 entirely dry counties in the state, forty-six partially dry and one, Monroe county, entirely wet. Seventy county seats are dry while thirty-two remain wet.

Willis Has Plan To Settle Coal Strike

Columbus, April 21.—Proposals for settlement of the Easter Old coal strike to be made by Governor Willis at a conference of miners and operators at Canton Friday morning, have no conception with proposed legislation, it was said officially at the governor's office today.

The governor's office refused positively to divulge the nature of the peace plans which Governor Willis expects to present Friday to the operators and miners. It was said, however, they are definite in nature and are based on a wage scale under the minimum law.

HOME IS DYNAMITED; ONE KILLED; MANY HURT

Eric, Penn., April 21.—Samuel Leacock was killed and his wife, Mrs. Katherine Leacock, was seriously injured here early today when their house was wrecked by an explosion. Police, after an investigation, expressed the belief that a quantity of dynamite had been exploded under one corner of the building. There were a dozen other persons in the house and many of them were more or less hurt.

Leacock had recently been secretary of the Long Shoremen's Union, and because he had refused to give up the books of the organization when he was succeeded by another member, had been made the defendant in a suit in court.

B. & O. MUST ANSWER TO W. VA. COMMISSION

Charleston, W. Va., April 21.—The Baltimore and Ohio railroad company was today ordered to appear before the public service commission April 24 and show cause why it should not obey the law governing passenger rates. The company has announced that beginning May 1 it will increase its passenger rates in excess of two cents a mile. The commission has held that these proposed rates are contrary to the state law which fixes the rate at two cents a mile.

FORD COMPANY RAISES CANADA EMPLOYEES' PAY

Detroit, Mich., April 21.—Announcement of a sweeping advance in wages and reduction of working hours for all employees of the Ford Motor company Limited, of Canada, was made here today by G. M. McGregor, general manager of the concern. All employees who have been in the service of the company six months or longer are to receive a minimum wage of 50 cents an hour or \$4.00 a day, the working hours being reduced to 8 hours a day or 48 hours a week.

The company employs about 2,000 persons at its factory at Ford, Ontario, and its nine branches located in the principal cities of Canada.

The parent Ford company in Detroit pays a minimum wage of \$5.00 a day based on a profit distribution system.

GERMANS GAIN IN THE WEST

Petrograd, April 21.—(Via London)—Ten German aeroplanes raided the town of Bialystok, in Russian Poland, 45 miles southwest of Grodno, Tuesday morning and threw down upon it more than 100 bombs.

Berlin, April 21.—(By wireless to Sayville, N. Y.)—Various dispatches published in Berlin today announce the complete evacuation by the Russians some days ago of their positions at Tarnow, in Galicia, 138 miles west of Lemberg. This was done to avoid the effects of the fire of the heavy Austrian artillery.

Artillery Action On The French Front

London, April 21.—Dispatches reaching London from the French front show considerable military activity, with the artillery taking a prominent part in the attacks made by one side or the other.

There is little doubt, however, that either side has gained, but whatever small advantage has been reaped seems to rest with the Germans between the Meuse and the Lorraine frontier. The French have made a slight advance at Elzev, but their report suggests that the gain was not proportionate to the effort put forth. Berlin claims several minor successes, one being the recapture of a small village on the Lorraine, the loss of which had not previously been admitted by the general staff. Another attack in the Pont-a-Mousson district appears to have made an advance.

England Discusses Industrial Conscription

The English newspapers today are devoting columns to comment on the optimistic speech delivered at New Castle last night by Premier Asquith. The utterances of the prime minister are on the subject of the putting into effect of a sort of industrial conscription by which employers shall forego some of their profits, the trade unions agree to suspend some of their rules necessary in time of peace, and the taxpayer shall contribute an indemnity to factories in cases where the loss in injury has been caused by commandeering for the government.

Writes Interesting Letter About Trip In The South

Mrs. Lew Gilgen has written the following interesting letter about her trip in the South:

St. Leo, Florida, March 31, 1915.
A prominent merchant from your city writes that though I have been away from home for two months, nobody, thus far, has missed me. That made me "hot under the collar," and hence these lines to you to get into print.

I left Portsmouth the latter part of January and after a short visit to my son in Cincinnati, started on my trip to the "Sunny South."

"Sunny South" has been a misnomer for almost six weeks of my sojourn here. January, they tell me, was a gloomy month and February was no better.

I reached St. Leo, where my cousin is the president of the only Catholic college in the state of Florida, on the 30th of January and will be his guest till I leave for home again in May.

The scenery and topography here is unlike that of the rest of the state. It is hilly, and lakes with fresh water are everywhere to be seen. Hills of all kinds abound; the cattle look better fed, and the farmers are ambitious to succeed. But this has been a bad year for citrus fruit-growers. Thousands of boxes of oranges and grapefruit cover the ground, or remain unpicked on the trees. It does not pay to ship them, because during these hard times there is no demand for luxuries.

My cousin has Episcopal jurisdiction on the Isle of Pines, and he had to go there, I finally agreed to go along as a "missionary."

We left Port Tampa on the 26th of February for Havana on the Mascotte of the Peninsular and Occidental Line. We stopped five hours at Key West and that gave me time to see this almost foreign city with its 30,000 inhabitants. I saw the new wireless station now in the course of erection, the torpedo boats and the fisheries, among others a huge Jew-fish weighing 4,500 pounds and turtles weighing 150 to 200 pounds. These latter do not bite, and boys disport themselves by riding on their backs in the water.

We arrived in Havana at 7 p. m. the first of March. Here a big, black, brutish-looking sort of a man, accompanied by a number of white Americans, came aboard. It was Jack Johnson and his crowd of hangers. After a delay of an hour, during which different officers inspected our papers, baggage, pulse and general condition, we were allowed to land and were met by the Penichets, friends of the Abbot, and escorted to their home. Dr. Penichet is a graduate of St. Leo and has a good practice.

On Tuesday and Wednesday we inspected the city. Its narrow streets and still narrower sidewalks, the carriage horses with sleigh-bells attached to their harness, and above all the well-kept Colon cemetery with its grand monuments and mortuary chapel, were of great interest to me.

On Wednesday evening I boarded the train for Batabano, the port for the vessels going to the Isle of Pines. When I got into the coach I thought I was back in the states, as everybody spoke English, for the passengers were from all over the Union.

At Batabano we boarded the Cristobal Colon. I had a comfortable room, but the meals were poor. A hand-me-out from any back door to a lobo in Portsmouth is like a Waldorf-Astoria spread compared with the dope served by the American management on this vessel.

Thursday morning we espied the Isle of Pines. There it lay in all its beauty, its tropical growth and its fine mountain ranges, basking in the sunlit waves of the Caribbean Sea.

We landed at Nueva Gerona at 8 a. m. and were again taken care of by friends who were waiting for us on the dock. Nueva Gerona is the chief city of the Isle of Pines, has a wireless station, and the prison and court house for the island are here. In this city I saw the first coconut tree, drank the milk of the nut and ate its fruit.

Santa Fe is next in importance and almost entirely owned by American citizens.

Weyler Springs, with its chamois healing qualities, is here. It belongs to a Mr. Schultz and he makes no charge for the use of the spring. His only request is that no soap be used. Most remarkable cures have been effected here, but the weather was too bad.

At San Francisco Heights the Swallows from Cleveland have 1000 acres in orange groves. The Swallow house, originally erected

for a club house, is like a house in Fairyland. Every comfort is provided for. Rare flowers and palms abound in greatest luxuriance. It did me good to meet these Duckeyes, and they were equally glad to see me. During my short stay at the Swallow's I forgot all about the sea-sickness I had endured whilst on the Gulf of Mexico, and only the memory of the tender care of the stewardess of the Muscote remained.

We spent Sunday at Robert Muenchen's, a jolly good German family from the states. At 7 p. m. we went to Juvero and once more boarded the Cristobal Colon for Batabano. On Monday morning, at 1 o'clock, I was awakened by one G. A. R. man saying to his companion: "Oh! the Kaiser! Look at it, Bud, for that is as close as you'll ever get to it."

I remained on board though till 8, when I took the train back to Havana. The union depot here is commodious and a splendid piece of architecture, and the restaurant is good.

On the 5th we went to Matanzas, a city of 60,000 inhabitants. Here, too, friends took good care of us. We went in an auto all over the fertile valley of the "Yumuri," had a launch ride on the San Juan river and on Wednesday visited the "Bellmar Chaves." These caves are about 70 miles long, but visitors, as a rule, traverse only a small part of it. In gruesomeness and peculiarity of stalagmite formation it surpasses any caves I have ever seen. I am enclosing a few postal cards. These you must return to me. They will give you a better idea of this freak of nature than words can convey.

In Matanzas we were the guests of Mr. Penichet, a lawyer. He is a grand man, and an ideal father. His wife and his three daughters, Pilarita, Margarita and Teresita, are charming people and completely disillusioned me of all prejudices I had formerly entertained against the Cubans.

On Thursday, the 11th of March, we went aboard the Mascotte again. Though the sea was calm, I was sick the whole way back to Port Tampa. I thought I was a good sailor, but I'll never brag again.

Arriving in Tampa, I visited Mr. and Mrs. John Baron, old inhabitants from Portsmouth. They have a nice home in Hyde Park Place.

On the 15th we returned to St. Leo. If you wish to know any further particulars about my trip you will have to call around at my home upon my return. In the meantime consider yourself lucky to have heard this much.

I got the Daily Times and am thus kept informed about home. I was sorry to hear of Mr. Kern's untimely death.

Oh, yes! Traveling in Cuba is comfortable and all the Cubans I met were pro-German. All the Spanish I learned was: "Yo tengo hambre"—I am hungry. Farewell.

Yours,
MRS. E. GILGEN.

CAT IS "MAD"

Dr. J. E. Rogers, of Gallia street, received word Tuesday night from the State Board of Health that the examination of the head of the cat which bit John Diles and his children in East Portsmouth last Sunday evening showed that the animal was infected with rabies. Immediately upon receipt of the information, Dr. Rogers made arrangements to give the Pasteur treatment to the victims, who so far have suffered no serious effects from their injuries. Daily shipments of serum from the State Board of Health will be received, and the victims will be given daily injections. From sixteen to twenty-one injections are required before a patient is cured. The three dogs supposed to have been bitten by the cat will be killed as soon as they can be located.

TRUTH AND HAMMER CLUB? NIXEY

With fitting ceremony Jake Price launched his new houseboat Tuesday evening. It was suggested by the Hammer Club to name the boat "Truth," but Mr. Price said he couldn't consistently do this and have members of this famous club housed in it. A bottle of — was broken over the bow of the boat last night just before she slid gracefully into the Ohio.

Officer 666 Columbia Tonight

"Officer 666" is booked at the Columbia theatre tonight. It is Mr. Kleins' first American made production and has been handled in the same lavish way and with the same careful attention to detail that has always characterized the Kleins attractions. As most comedians are easily told in one or two reels, the five parts necessary to the telling of the swift-moving story of "Officer 666" makes the offering distinctive among its kind.

Howard Estabrook handles the lead of Travers Gladwin. Estabrook is one of the best known leading men on Broadway and has been identified with some of the most conspicuous theatrical successes of the past five years, including "Within the Law," "The Dictator," "Brown of Harvard," "The Boss," "Divorcee" and many others. He has been under the management of David Belasco, Charles Frohman, William A. Brady, Colman & Harris and others of the well known producing firms of Broadway. His first appearance in pictures is the present one under George Kleine's management. Assisting him are Dan Moyle, who played the part of Phelan (Officer 666) in almost every city of the United States; Louis Burnell, also of the original company, playing the feminine lead of Helen Burton; Della Connor, a well known photographer, and Harold Howard, also of the original New York cast, who is handling the role of Whitney Barnes, Gladwin's best friend.

"Officer 666" is the work of Augustin Dellough and one of the most successful plays of the late decade. Under the management of George M. Cohan and Sam H. Markey the melodramatic farce played four hundred and eighty-eight cities during its first tour. Dozens of good photographs are assured a genuine treat in the latest Kleins masterpiece.

No advance in price. All seats 16 cents.

At The Exhibit

"Henri Bonts" is a special two reel drama that is being offered at the Exhibit today. It is a strong wholesome headliner that both young and old can enjoy. In addition there is a good comedy entitled "The Double Deception."

It is a majestic film and one of the best comedies offered.

Tomorrow Sid Chaplain, said to be better than his brother Charles Chaplain will appear in a Keystone comedy entitled "Caught in the Park." Keystone comedies are always good but this one is exceptionally so. Then there is a two reel Kay Bee feature entitled "College Days."

There is always orchestral music at the Exhibit and the price is always five cents.

The Arcana

"The Prayer of a Heretic" a story of his life, told by himself, a two-part film, will be shown at this popular theatre tonight. The remarkable instinct of a beautiful horse is demonstrated in this great picture and never fails to please. "A Runaway Closet," with Ford Sterling as the leading star, will also be shown. This is a thousand foot film with a laugh in every inch of it. Mr. Sterling is well known as one of the kings of fun-makers. Manager Potts is having a great attendance at the Arcana, due not only to the popular price of admission, but to the excellent films he is placing before the public. On several occasions during the past week he has been compelled to turn away patrons.

"The Exploits of Elaine," what infernal cunning, what devilish brain, is guiding this gripping hand straight to the throat of an innocent girl? Why is suspicion always cast upon an innocent person? What horrible workings of a disordered mind that stops at nothing to gain its own end? You'll be an excited, you'll hang onto your seat like grim death, as scene after scene of baffling mystery, strange crimes, stirring adventure, and tender romance.

The third and fourth reel entitled "Satan McAllister's Heir" a gripping western character drama by Gardner Sullivan, played by Walter Edwards and Margaret Thomson in the lead. Admission 5 and 10 cents.

THEATRICAL

At The Sun

A real musical comedy is the offering at the Sun theatre. It is called a "Topsy-Turvy Honey-moon." Boudie Benton, the acknowledged prima donna of musical comedy, is meeting with the greatest success of her career, singing many old-time successes, such as "Silver Threads Among the Gold," and many others that were popular fifty years ago. Yesterday the audiences seemed unable to get enough of them, and if they had their way Miss Benton would be singing yet. The Topsy Turvy is especially strong in singing and the comedy of the highest order, beautiful stage settings, shapely girls and a show that is the biggest and best of the season.

Manager Lee has engaged the Topsy Turvy Musical company for a long run. The Sun theatre with this big company is giving a dollar show at popular prices. To hear Miss Benton sing one song is worth more than the price of admission. For the last half of the week there will be an entire change of program. "The College Girls" is the vehicle slated, introducing many novelty effects.

Central's Pastor Is Formally Installed

The Central Presbyterian church was completely filled Tuesday evening when the installation of the new pastor, Rev. B. B. Cartwright, took place. The services were simple in character, but were very impressive.

The Rev. E. B. Townsend, of Brantford, delivered the sermon, which was an able discourse, full of good thoughts and words of admonition. Rev. S. D. Conger delivered the charge to the new pastor, and the charge to the congregation was given by the Rev. John W. Dunning. An old-time love-feast followed the meeting, which was eminently gratifying to members of this growing congregation and to Rev. Cartwright.

During the services Mrs. Hurry Bugh contributed one of her pleasing solos.

The Dream

The small boy who had lost his dog was sorely troubled. Yet he had faith, faith in justice and in his dog.

He dreamed that surely Sport would improve his first opportunity to break away from his new master and would surely find his way back home.

But Sport did not come back out of his own accord.

The Reality

At last the boy's father suggested that the following lost ad be inserted in the "Lost and Found" column of the Times.

LOST—Collie, with white body and brown head and tail. Reward, if returned.

The day following the day this ad was inserted the dog was returned by the finder.

Let us not admit how well the dog was satisfied with his new owner, but only say that as usual Times want ads made the practical part of the lad's dream come true.

W. A. PATTON IS HELD TO JURY; NO BOND REQUIRED

The hearing of William A. Patton, a machine helper, for alleged cutting with intent to kill Robert J. Minnery, a plowing mill foreman at the N. & W. Terminals, April 15th, was held Wednesday morning and lasted until 1 p. m., when Patton was held to the grand jury, as the mayor announced, for the purpose of investigation. He was not required to give bond.

Attorney Nate B. Gilliland, counsel for Patton, expressed belief that the grand jury would not return a true bill against Patton for cutting with intent to kill. He asked that Patton be discharged and the prosecutor then be notified so that he could take up the case if so disposed, but was told that such could not be done. The mayor said he wished to have an investigation of conditions at the plant that had been complained of by various witnesses.

Quite an array of witnesses were examined. Minnery, himself, stated that Patton had been, jesting and talking too much, throwing shavings and otherwise carrying on, and when he took him to task, talked back to him, for which he discharged him. He admitted striking Patton twice with a temple, a form used for working out timber, and once with an iron pipe before he had received any cuts, but did so in backing out of his way. He said he had informed Patton that he had no further use for him and Patton threatened him by saying, "I'll fix you!" Minnery said he told Patton he had already fixed him, meaning he had turned in his time. Patton advanced towards him, he said, and it was then he struck him. He said he tried to grab Patton by the throat and his wrist, but when he failed he turned and ran. Patton had wrestled the rod from him, he said, and struck him on the head with it. He denied having made threats to kill Patton.

Patton, himself, claimed he cut Minnery in self-defense, that the foreman was the aggressor, had struck him several times and that it was in the heat of passion that he finally used the knife to defend himself.

Sam Jones testified that he was attracted to the two men when he saw Minnery turn his head and say something to Patton, which he could not hear. Minnery started away when Patton grabbed him by the left arm. Minnery told him to go away, at the same time twisting his arm from Patton's grasp. Patton still held to him and Minnery struck him twice with the temple. The two then stepped back and Minnery picked up the iron rod while Patton was jabbing at him with a knife. An instant later Patton was pursuing Minnery. The first time the witness saw the knife was when the two men were clinched. He said Patton had not grabbed Minnery in a rough way, but only to detain him in order to speak to him and had not previously seen anything unsavory on Patton's part.

Chris Rosenbeck created some merriment by his description of the trouble. He saw two licks struck with the temple. The next instant he saw Patton with pipe and knife in his hands. He recognized the tall man as his foreman and said to himself, "If I was him I would run." And the next moment Minnery did run, Patton chasing him like "a deer after a rabbit."

William James, a carpenter, said he, Patton and a Mr. McAbber were talking together when Minnery came up and in a very rough way ordered Patton to his work. That was an hour before the cutting took place. Patton in reply asked Minnery why he did not give similar orders to the other men. Quite a number of other witnesses testified substantially along the same lines that both Minnery and Patton were pursuing their proper course and that the trouble occurred unexpectedly and that Minnery struck the first blow.

Attorney B. F. Kimble, who prosecuted the case, made his strongest play on the claim that under the law the question of whether Patton had been properly or improperly discharged did not justify an assault, while the defense contended that Minnery was the first to commit the assault. Minnery's blood-stained and slashed overalls and under garments were submitted as evidence. Dr. Albert Berndt testified that the wound were serious and while Minnery was now practically out of danger that if the studs had been inflicted straight into the body instead of oblique, they would probably have proven fatal.

Ben Bratt, local civil engineer, will go to Sciotoville Thursday to make a survey of the territory of the additional land which the promoters of the incorporation of Sciotoville hope to include in the village.

Mr. C. L. Marting stated today that it is hoped to have the petition for incorporation ready to be filed with the county commissioners at their next meeting, one week from Monday.

Many After Board Job

Numerous candidates are after the position of member of the county board of elections made vacant by the death of Dr. J. B. Ray. WANT PATH CLEARED

Columbus, O., April 21.—Representatives of the Chesapeake and Ohio railroad, who are superintending the building of the new branch from Portsmouth to Columbus, in order to clear their path of difficulties, today had introduced in the house of representatives by Mr. Sprague of Scioto

county, a bill to provide that foreign railroad corporations shall have the same power as domestic railway companies to exercise eminent domain in securing a right of way through private land. While the court of appeals has held that such power exists, the company prefers to have it appear distinctly in the statutes.

\$5,000 Damage Suit

The \$5000 damage case of Mary Montgomery against Mary E. Mitchell and her husband Clarence O. Mitchell is being heard in common pleas court before a jury today, Judge Thomas presiding. The plaintiff is suing the defendants for alleged personal injuries sustained in an assault committed upon her at their home on Front street on January 5th, 1915. She claims to have been beaten up severely and attacked with a corn knife.

The defendants, however, claim that they used only such force as was necessary to eject the plaintiff from their home, it being alleged in their answer, that the plaintiff cursed and used foul

language in the presence of children, and refused to leave when they ordered her to do so.

The plaintiff, while on the stand stated that Mrs. Mitchell hit her with a brick, and choked her, and that she sustained injuries that necessitated an operation at Hempstead hospital. She said that she was 20 years of age, and came to this city from West Virginia five years ago. Corroborative evidence was offered by Bosie Tackett, the second witness for the plaintiff.

Mrs. Mitchell was the widow of the late Jack Morrow, and has remarried. She is being defended by Blair and Kimble, while T. K. Frank is the attorney for the plaintiff.

Dismisses Affidavit

At the conclusion of an inquest in probate court Wednesday afternoon, Judge Beatty dismissed the lunacy affidavit filed against Magnolia Miller, wife of A. J. Miller, of Upper Pine Creek, by the husband Tuesday.

The examining physicians declared the woman of sound mind. She was brought to this city

Wednesday morning by Deputy Sheriff Rome Arthur.

The inquest disclosed that Miller and his wife had been having a little domestic trouble of late. The case was an unusually pathetic one, from the fact that Mrs. Miller is the mother of sixteen children, the youngest of whom is but eight months old.

Will Ask City Council To Foot Probe Bill

An ordinance appropriating the sum of \$150.00 to cover the expenses of the recent municipal probe in the affairs of the safety department will be presented to council this evening by City Solicitor McCall, who was authorized to prepare it. This amount covers the salaries of the three commissioners who presided, the stenographer's fees and taxi-cab bills. No allowance of fee for witnesses is provided for.

Council can not vote on the ordinance until the ordinance, vetoed by the mayor, this evening, there

being a rule which requires ten days to elapse before a vetoed ordinance can be voted upon. It is understood that the N. & W. Company will go ahead with the plans for the crossing as soon as the ordinance is passed.

Resolutions of necessity in the matter of the improvement of Gay street from Eleventh to Thirteenth streets, Hubert Bond from Gallia street to the north corporation line, street to the east corporation line, will also be introduced.

Several recommendations of the board of control will be submitted to council for its action.

To Hold Social
The adult classes of the Sunday school of the First Presbyterian church will hold a social at the church Thursday evening, to which all members are cordially invited. The idea of the social is to promote certain projects for the betterment of the members generally.

Files Affidavit.
Mrs. Mary Patterson, colored, of Thirteenth street, filed an affidavit in probate court late Wednesday afternoon, charging her daughter Mae Patterson, with being insane. A warrant for the arrest of the girl was issued immediately and put in the hands of Sheriff Smith.

THE INNOCENTS ABROAD.

Those embryo statesmen of ours, Messrs. Senator Tremper and Representative Sprague, who show their upness at returning from that city of shame and sorrow, the state capitol, just like the veterans do, every Friday, according to the Morning Star brought back with them this last time, a fearful and wonderful tale. According to its version, which we take to be as veracious, in fact, as it is voracious suggestion, these able and dependable representatives of the confiding people of Scioto with one voice and one word, explain they can not get any road money from the state because the wily and wicked Jim Cox placed a mortgage on it before the good young man, Mr. Willis became governor and the road fund passed into the hands of the golly. The sum and substance of which is that the Cox highway commission gave away all this year's revenue to "Columbiana and adjoining counties," coupled "with \$250,000 which the same commissioner entered into contract to spend on the old national highway." Besides all this depravity, the profligate Democratic legislature, in its last hours, cut down the state road levy from one-half mill to three-tenths of a mill, raising only \$580,000 for main market roads.

What these statesmen do not appear to know is there are two sources from which the state draws road funds. These are the so-called half mill tax and automobile license fees. The half mill tax before last year brought, we'll say in round numbers, \$3,000,000. One-fourth of this was set aside for the main market road fund. The remainder was given, one eighth, to each county. The main fund market road fund was not materially reduced by cutting the levy from one-half mill to three-tenths mill. It was deemed advisable that the state should not spend more than around three million dollars a year on highways, so as the total assessment of 1914 had risen far above that of 1912, the two-tenths reduction was made to scale down the road fund to what it was in 1913 and that was just what it did, the variation not being more than a few thousand one way or the other.

So the unalterable fact is the state has not only as much but more money for roads this year than it ever had. That Scioto county is not getting a bigger slice at it is because none of these fellows that have been dubbing around these diggings in politics, have got any interest in good roads for the county, and if they have that they haven't got "the pull" and that is what goes at Columbus in these days of Willis.

Take it from this sleepless sentinel, Scioto county in this matter is getting just what she voted for.

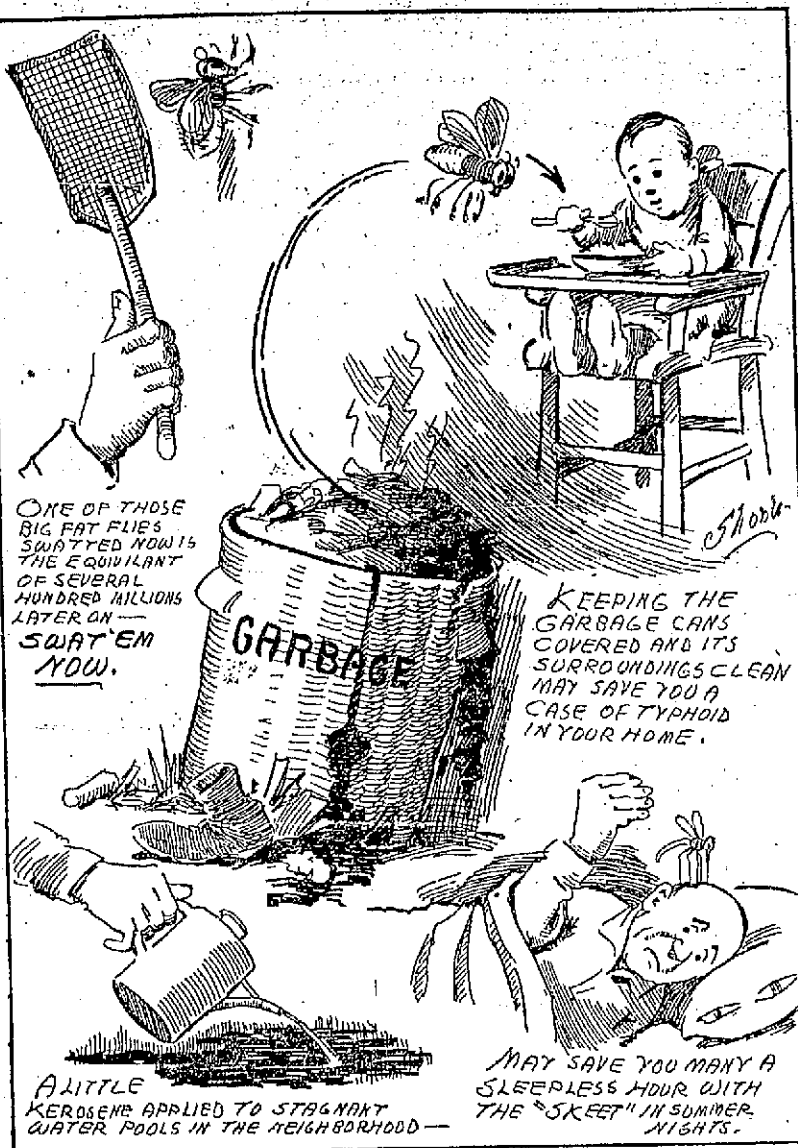

A WORLD WIDE PROBLEM.

When that word Przenysl began coming in over the cable the proof reader took to throwing fits every time it came and when she had asked us for the stenth time how is that fool Chalanian city spelled we took to throwing something hotter.

The experience just goes, however, to show how selfish we are. It was our thought that we were the only living soul being vexed and harassed by Przenysl, outside its gallant defenders, but here in the whole world perplexed over it, that is how to pronounce the marvelous combination of words that go to spelling its name. Not a day goes by that we do not pick up some exchange that we find trying to tell its readers how to pronounce the word, with variations and inflections so infinite and contradictory as to make confusion worse confounded. After trying them all we are inclined to adopt and recommend the version of a Wall street man, just returned from England. This man says London and the rest of the English world had an awful time with the word, and how to get it off the tongue was the cause of much general and varied discussion. Peace did not reign until the correct pronunciation was settled by a diplomat, who had spent several years at Petrograd. This diplomat, on the authority of Grand Duke Nicholas, so he says, asserts that the only correct pronunciation is as though the infernal compound were spelled "Perr-tee-mysh-el." If you find that too pretty hard just say Perry Mitchell right quickly and you've arrived.

Everybody sit up and take notice. An Ironton Republican congressman by the name of Corns compared Republican factional politics in Ironton to the Terre Haute brand and darkly hinted that many in our neighboring city had better take warning from the fate of Mayor Donn Roberts and his merry crew of thugs and political pirates. We long had suspicions of Ironton but did not dream that it was quite that bad.

THE OUNCE OF PREVENTION.

PARADISE LOST.

Andrew D. White, famed as scholar and diplomat, said the other day that he had read some passages of Milton's Paradise Lost and admired them for their beauty and depth of imagination, but that he had never read the entire book and what was more he did not think that there were many people who had done so. On top of this the Columbus, N. C., State says that if every English speaking person who had read Paradise Lost from beginning to end would stand up and be counted there would be a mighty thin line of high brows. We don't know about that. In the course of a more or less active reading life we have been frowned down at least a hundred times by literary friends who have expressed their horror and indignation at our confession that we never had read more than half a dozen lines of Paradise Lost and what was more never expected to as it gave us the headache. Of course some of those who claimed to have read the thing may have only dipped into it slightly, but then we never felt that we had any right to be critical. If they were willing to risk Paradise by setting up false witness, that was their own affair.

THE SUN ON PRESIDENT WILSON.

The New York Sun which has been a most rabid critic of President Wilson is now commending him for "his efforts to maintain an attitude of correct neutrality and at the same time to assert the rights of the United States during a time of exceeding delicacy in our international relations" and goes on to say that there "may be a strong reaction in his favor owing to the threats of vengeance being made against him by passionate adherents of foreign powers."

The Sun sums up its editorial review in these words: "With only two exceptions—Washington and Lincoln—has any president of the United States had so many difficult and perilous situations to confront and manage as has President Wilson. He has upheld the honor and dignity of the government and preserved peace. The people of the United States owe him for these things their grateful support. The open advocacy of war against Mexico by some of the president's opponents and the passionate advocacy of war against Germany by former President Roosevelt indicates clearly what might have happened if the helm of the ship of state had been in other hands. And it is possible that not half of the difficulties, the trials and the labors of the calm, composed and firm patriot who now has largely the destinies of our country in his keeping are known to his people."

There is a sort of law of compensation in all things. If the woman pays less attention to home, the man pays more. There are a hundred husbands proudly pushing baby carts right now, where only one henpecked fellow did the same thing some years back. And notice the improvement in the style of baby equipages!

AN EASTERN VIEW OF WILLIS.

(Springfield (Mass.) Republican.)
It is astonishing how quickly the most malignant spoils poison infects the Republican governors who have displaced Democratic executives. Something better was expected from Governor Willis of Ohio than what is now reported from Columbus. His dismissal of 102 district tax assessors to make way for Republican place hunters and his later demand for the resignation of fourteen Democratic members of state commissions on the ground that they are not in sympathy with a Republican state administration—these acts conform to the worst standards of spoils-mongering. To Connecticut and Colorado is now added Ohio, for in all three states has the Republican party, reinstated in office, been making a wretched exhibition in the line of civil service reform.

SLAUGHTER IN WARFARE.

Much is made in the press despatches from the European seat of war of 40,000 men having been killed in thirty days in one campaign. At the battle of Waterloo 60,000 men were killed and wounded in about six hours. At Borodino 75,000 men were killed in about twelve hours, and at Bero Leipsie 100,000 were killed in three days. The moderns have made great improvements in the art and equipment of warfare, but the ancients excelled in the line art of killing.

Judging from the row that is going on in Ironton they have decided it is best to have all the scrapping about their new water works before they let the contract. On the whole that may be the better plan. Down here we built a plant and we have been squabbling ever since as to whether or not we got a lemon.

British sailors, thrown from their vessel into the sea by a German submarine were saved from drowning because they had on coats padded with fiber of fruit pods from the eriodontion anfractuostum. Which is all plain and reasonable enough.

The auto is getting in its deadly work early. The toll for Sunday was 11 killed and twice as many seriously hurt.

Now for a good soaking rain and there will be no more complaint about the weather.

Letting the legislature run itself isn't much of a success, when you have a legislature like the present one.

Business continues to expand. That is the best thing to hear and the best thing to keep saying.

One thing we don't understand about war is, why even hundreds of men are always killed and captured.

Every dollar spent at home helps some.

A new joke comes with the advent of the jiney automobile, says the Utica Press. The joker asks his victim if he has seen the jiney transfers. The victim says he hasn't and asks what they are like and is told that they are like clothespins because they are good on any line.

Animal Jingles

FOR LITTLE FOLKS

"If I'm to have a garden," said Ella Elephant, "I rather think that peanuts are the things I want to plant. I've always liked to eat them, but really I don't know so very much about them; I wonder how they grow."

Miss Elephant inquired and very soon she found the way to grow a peanut is to plant it in the ground. She quickly made her garden, and as the soil was fine, it wasn't long until she had a splendid peanut vine.

And then a sad thing happened; Miss Ella Elephant while working in her garden espied Amelia Ant. This little Ant was sitting upon a peanut vine. "Get out of here!" Miss Ella cried; "this garden bed is mine!"

Amelia Ant was saucy and dearly loved to tease. Said she, "You're very impolite, you really should say 'please.'" And then Miss Ella Elephant got angry as could be; The way she stamped about that bed was terrible to see.

Amelia Ant slipped quickly off and wasn't hurt a speck, But Ella tore around until her garden was a wreck. And when her naughty temper had spent itself she found There wasn't one small peanut left sticking in the ground.

"The weed of bad temper grows quickly, you see," Said Wise, kind old Mother McGrew; "Next time if you'll try self-control you will keep Your temper and your garden, too."

Little Boy Broke Arm

Raymond Wat(ia, five years of age, who resides with his parents on the Timothy Jewett farm, Chillicothe pike, had the misfortune to break his left arm Tuesday evening. While running he stumbled and fell and fractured his arm below the elbow.

Playing Craps
Reports reached police headquarters Tuesday of a crap game on the west bank of the Scioto river. The police officials in turn notified the sheriff's office.

Boys Barber Shop
George Leighty, who just moved back from Olway, Tuesday purchased the Charles Kirkendall barber business on Third street. He expects to remodel the shop and install three new chairs.

Pine Cattle
Judge James W. Bannan Tuesday sold fourteen head of cattle to Muller Bros. and thirteen head to John Wente. They averaged 1300 pounds each.

RECEIVERS SALE
Notice is hereby given that the undersigned receivers for the Hansen Furniture company will receive sealed bids on and before April 20th, 1915, for the sale of the entire property of The Hansen Furniture Company. Bids will be received for the sale of the property as an entirety and going concern and also for the separate items of real estate, furniture and fixtures, and book accounts. Information in regard to any of these may be had from the receivers at the office of the company, corner of Seventh and Chillicothe streets, Portsmouth, Ohio. The receivers reserve the right to reject any and all bids and no sale can be made without the approval of the Court of Common Pleas.

Secured 55 Responses

Ed Stahler, commission merchant, believes it pays to advertise in The Times. An innocent little want ad he inserted Saturday brought him a total of 55 responses by mail Monday and he called up and had the ad removed instead of running it a second time, as originally ordered. He selected John Cullom of No. 1712 Gallia street, from among the applicants, the young man entering upon his new duties at the Stahler store Tuesday. He was formerly employed as a clerk in the county board of education office.

IF WE DID NOT HAVE THE ABILITY

to relieve the headaches and other nervous disturbances that often result from eye-strain, we would not call your attention to these distressing subjects. Our glasses are not "cure-alls." They simply relieve eye-strain and if the troubles mentioned are due to eye-strain they cease. If it is a matter of medicine we will send you post haste to a physician. We have worked too long to give satisfaction to wipe out all we have gained, for a temporary profit.

We make no charge for examination and recommend glasses only when necessary.

The Markets

NEW YORK STOCKS

New York, April 21.—Alternate advances and declines, the result of mixed buying and selling, accompanied today's active market. Coppers were the strongest features.

After digesting the heavy offerings of the first hour the market gathered fresh momentum on renewed buying of representative issues. U. S. Steel failed to join this movement to any appreciable extent and heading reflected selling under cover. Amalgamated and others in that group denoted much the same conditions.

Rock Island remained under steady pressure and other railroads of minor importance were sympathetically affected. Bethlehem Steel became relatively heavy and specialties were active.

DISTEL FURNITURE CO. WILL CONDUCT STORE

It was announced this morning that the sole bidder Tuesday for the Hansen Furniture company's building and stock were Attorney J. P. Johnson of this city, and R. L. Hutchinson, of Huntington, trustees, representing a large number of creditors of the firm. Their bid of \$22,000 was accepted by the receivers, James R. Distel and Harry Ball, and the sale was later approved by Judge Thomas Wednesday morning. The purchasers assumed the \$30,000 mortgage on the building at Seventh and Chillicothe streets.

Immediately after the sale had been approved by the court application was made of the secretary of state's office for articles of incorporation for the Distel Furniture company, capitalized at \$25,000 which will take over the business. The incorporators of the new company are James R. Distel, John P. Johnson, Harry Ball, Joseph S. Distel and R. L. Hutchinson.

A meeting of the stockholders of the new company will be held the latter part of this week, at which time an organization will be effected and the officers elected. It is almost certain that James

R. Distel will assume the management of the store, having been employed in that capacity by the old firm and during the time that the firm was conducted by the receivers. He is a live-wire and a hustler, and now that the affairs of the old company have been straightened out satisfactorily to all concerned, it is generally accepted that the new firm will be a prosperous existence.

Engineer Has A Close Call When Engines Collide

A serious collision took place in the west end of the N. & W. yards in East Portsmouth at 4:45 Tuesday afternoon, when two yard engines, No. 674, in charge of Engineer R. M. Nutter and Fireman August Patzke, and engine No. 845, in charge of Engineer R. G. Thomas and Fireman George B. Hogan, sideswiped each other.

Nutter was climbing out the cab of his window in an effort to reach the running board of the engine, when the two iron steeds came together with much force. He had a close call from being thrown beneath the wheels of his engine. He was bruised about the legs and hip and was turned about the arms and hands as the impact caused the left boiler check in Nutter's engine to let go and the cab was soon filled with steam and hot water. Patzke escaped injury as he succeeded in getting out of the cab of the engine before the boiler check let go. Engineer Thomas and Fireman

George Hogan on 845 escaped with minor bruises. The cause of the collision is being investigated by the N. & W. officials.

A few hours after Mr. Nutter figured in the exciting smash-up the stork visited the home of his son and daughter-in-law, Mr. and Mrs. George W. Nutter, of 1729 Highland avenue, and left them a fine little daughter, and, as he said, "He had a mighty busy day of it."

Mr. Nutter is employed by the Whitaker-Glessner company. Part of this wreckage was still on the ground Wednesday morning. All frame work around both ends of the engines was torn loose and the tanks of the tenders were wedged together. The local wreck car had the tracks clear by 8:15 p. m. Conductors Edward Barney and Bob Fitzsimmons were in charge of the trains. Engine 845 had five loads of coal in front of the engine and engine 674 was pulling one flat car. The damage to the engines and tanks will amount to about \$200.

HAS NEW FOUNTAIN

George Freund, the bustling Gallia street pharmacist, is installing a new soda fountain in his store today. The new fountain is a beauty of the latest design and manufacture, and will add greatly to the appearance of the store, besides affording the best service possible to his patrons.

Too Nervous To Sleep?

"I suffered with troubles peculiar to women for many years," writes Mrs. Emma Hickman, from Thayer, Kansas. "I had rheumatism and was so nervous I could not sleep. After taking 3 bottles of CARDUI I am stronger than I have been for the past 2 years; have a good appetite, and sleep well. The tired feeling I used to have is all gone. CARDUI is a Nerve Healer. It is a grand, good medicine. I am 72 years old, and know what it is to suffer from such troubles. My advice to all nervous ladies is

WILSON ON NEUTRALITY

(Continued from Page 1.)
trouble. If any man wants a scrap that is an interesting scrap and worth while, I am his man. I warn him that he is not going to draw me into the scrap for his advertisement, but if he is looking for trouble that is the trouble of men in general, and I can help a little, why, then, I am in for it. But I am interested in neutrality because there is something so much greater to do than fighting; because there is something there is a distinction waiting for this nation that no nation has ever yet got. That is the distinction of absolute self-control and self-mastery.

"The world ought to know the truth, but the world ought not at this period of unstable equilibrium to be disturbed by rumor, ought not to be disturbed by imaginative combinations of circumstances stated in combination which does not belong in combination.

"I try to put myself in the place of the man who does not know all the things that I know and ask myself what he would like the policy of this country to be."

AVOID SPRING ILLS
Purify and Build Up the Blood
With Hood's Sarsaparilla

In the spring your blood needs cleansing and enriching. You feel poorly, and there is more or less eruption on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

You need Hood's Sarsaparilla. It is the one safe and effective tonic that has stood the test of forty years. It makes the pure red blood that will make you feel better, look better, eat and sleep better. It is the old standard tried and true all-the-year-round medicine for the blood and the whole system.

Ask any druggist for Hood's Sarsaparilla, and insist on having it. Nothing else acts like it, for nothing else has the same formula or ingredients, and so there is no real substitute. Get it today.

Mr. Evans objected because no name was being given for the superintendent.

Mr. Bowers said: "I don't want Mr. Evans to act this way. He is trying to interrupt the continuity of this testimony."

"I can't stop this witness' continuity," replied Mr. Evans, while the crowd laughed.

"Well," Colonel Roosevelt went on, "the man was Francis Hendricks, of Syracuse. I told Mr. Barnes I did not intend any man should say whom I should appoint."

T. R. Pounds Judge's Bench To Emphasize Point
As the Colonel said this his jaw squared and he pointed on the judge's bench.

He continued: "Mr. Barnes said in reply that Senator Platt was right and that the leader of an organization must have complete control of it. It was in 1908 that I told Mr. Barnes my views of matters were the same as they always were. I told Mr. Barnes he had my sympathy but that Governor Hughes must be independent. I referred to my talks and letters to Senator Platt. Mr. Barnes said the organization had to be dominant and that Gov. Hughes had tried to break down the organization and that he would oppose Gov. Hughes' re-nomination."

Upon the motion of Mr. Evans that part of Colonel Roosevelt's testimony referring to Mr. Hughes was stricken from the record.

Tells of Race Track And Other Legislation

Despite the early ruling of the court Justice Andrews allowed Colonel Roosevelt to tell of conversations with Senators Hiram, Davenport, Newcomb and others about race track and other legislation. Some of these men told him that Mr. Barnes at first had no opposition to race track legislation but that later opposition developed.

"It was at that time I learned that Senator Grattan had expressed his opposition of the legislation but that he changed his mind after talking with Mr. Barnes. Mr. Grattan pleaded with Mr. Barnes to allow him to vote as he wanted but I was told he said Mr. Barnes ordered him to vote oppositely and he was forced to do so. Senator Grattan's one vote defeated the bill. Senator Grattan represented Mr. Barnes' district."

Colonel Roosevelt told the story of his conversation with Senators Hiram and Davenport. **Tells How Barnes Was In Conference With Senate**

"I was told that on one occasion when the question of direct primaries came up in the state senate the Republican leader asked for an adjournment. He asked the Republican senators to go into a nearby room for a conference. The Democratic leader then told the Democratic senators to meet in an adjoining room. Senator Davenport said he looked in the room occupied by the Republicans and saw Mr. Barnes there in conference with the senators, although he was not a member of the legislature. Later the Democrats and Republicans came out and went into the senate chamber. Fourteen Democrats and fourteen Republicans voted for the measure and it went through.

The measure had been opposed by Governor Hughes.

"Were all the Republican senators in that room?" asked Mr. Evans.

"Oh no," replied the witness. "Mr. Davenport only saw the Barnes Republican senators as he termed them."

Col. Roosevelt said: "The Murphy Democrats who were in the next room to the Barnes Republicans were under the leadership of Senator Grady."

"Did you talk to Senator Davenport about Senator Julian Allds?"

"Yes," replied the witness. "Allds resigned from the senate after he had been charged with accepting bribes."

Tammany Man Elected Official Republican Leader
"Mr. Newcomb or Mr. Davenport," said Col. Roosevelt, "told upon the other every second or so me that Senator Allds had been selected for president pro tem of the senate by the machine Republicans. There was opposition against Allds so the machine Republicans were unable to control a sufficient vote to elect Allds."

Senator Newcomb told me the machine Democrats co-operated with the machine Republicans in order to elect Allds.

"And in the position Allds was elected by Tammany Democrats. He was the official leader of the Republican party in this state."

Dear Dolly.—Is a baby girl two years old too young to wear a ribbon on her hair? I mean a big bow on top? Her hair is bobbed.

YOUNG MOTHER.

Yes, I would not put a ribbon on a child so small. Have the barber bob the hair evenly all round with bangs in front, then comb down smoothly all around. You can part it in the middle if you wish.

Dear Dolly.—I would like a remedy for cleaning white shades. Mine are green on one side and white on the other.

SUBSCRIBER.

Spots and general dinginess may be removed by laying the shade upon a clean table and going over it with a block of English magnesia. Rub into every thread; cover to exclude dust, and leave alone for a day. Then brush out the powder. White blinds can also be cleaned nicely with wall paper cleaner or stale bread crumbs. A cloth dipped in gasoline will also clean 'em.

Dear Dolly.—I am a young girl 19 years of age, and have been going with a young man three years my senior. Whenever he has a date with me he is not there at the appointed time, or else he will 'phone at the last minute that he cannot come. Sometimes the roads are a little muddy and other times he has to go out of town on business. I think that if he loves me as he says he does he

Dear Dolly.—I would like to have a remedy for moths or something to prevent moths getting in my winter clothes when I pack them away for the summer. Is tobacco good?

HOUSEKEEPER.

The various substances used to keep away moths, such as tobacco, camphor, naphthalene cones or balls, tarred paper, and cedar chips have no effect if the eggs are already present in the clothes, and entomology specialists in the United States department of agriculture therefore recommend a thorough beating, shaking, and brushing of all articles likely to attract moths, before they are laid away for the summer. The brushing of garments is especially important in order to remove eggs which may have escaped notice. When furs and other valuable garments are wrapped in tarred paper or placed in sacks of tarred paper, these containers, (which can be purchased at our local department stores), should be renewed every year or two. Apartments and closets that are frequently aired and swept are not apt to be seriously affected by moths. In fact airing and sunlight are probably the best as well as the oldest remedies. Where articles must be put away, however, a convenient and effective device is to place them in large pasteboard boxes such as tailors use and gum a strip of wrapping paper around the edge so as to seal up the box completely and leave no cracks. If the garments have been thoroughly cleaned before being placed in the boxes, no additional protection is necessary and there is none of the objectionable odor which is characteristic of so many moth repellents. For valuable articles the safest plan is to place them in cold storage.

The Matron and Maid Club met yesterday afternoon at the home of Mrs. A. J. Mooten on Third street. The substitutes were Mesdames James Distel, William Brandel, Thomas Conroy, William Questel and Miss Madeline Augustin. At cards the club favor, a hand-painted vase filled with roses, was won by Mrs. Louis Hirth. The guest favor, a hand-painted salt and pepper, was presented to Mrs. James Distel. The favors were painted by Miss Louise Hougholtzer. At the end of the game an excellent supper was served at the club tables. The next regular meeting will be held at the home of Mrs. J. M. Augustin, on Fourth street. Next week an evening party will be given at the K. of C. club rooms as a farewell to Miss Margaret McMahon, who leaves soon for her new home in St. Louis, Mo. At this evening party the husbands of the members will be the honor guests.

The Central W. C. T. U. held one of the largest meetings since the organization yesterday afternoon at Mrs. J. A. Cooper's lunch room, on Eighth street. Besides the large number of members there were several visitors. "Rescue Work" was the topic of the afternoon. Mrs. J. Smith led the devotions. Mrs. Stewart read a paper, "The Red Rose."

Mrs. Crouse gave a reading, "The Social Waste." Mrs. Clarke read "The Saloon the Great Exploiter of Vice." Mrs. J. J. Davidson read "The White Slave Trade."

Mrs. Lila Johnson was present and gave a talk on her work at the Rescue Home. This work will be taken up by the Union and Mrs. H. R. Kahmar was appointed chairman of the work.

Mrs. O. N. Smith was transferred from the West Portsmouth W. C. T. U. to the Central Union. The next meeting will be held the first Tuesday in May at the home of Mrs. Barr, on Fourth street.

The Industrial Names held a delightful meeting this afternoon at the home of Mrs. T. C. Banty, on Ninth street, where all members but one were present. The afternoon was spent in sewing, after which refreshments were served. Mrs. S. J. Johnson will be hostess at the next meeting.

SOCIETY

Mrs. John Kenrick's home on Ninth street was the scene of a bridge party last evening complimentary to her sister and cousin, Mrs. George Winter, of Hyde Park, and Miss Sylvia Flynn, of Northside. Mrs. Carl Winter, of New York, was also an out-of-town guest. There were four tables of bridge. Mrs. Simon Balmert won the first prize, a hand-embroidered towel. Mrs. Edward Moeller won the second, a box of hand-embroidered handkerchiefs. Miss Bess Fixler won the third, a bath towel with crocheted ends. The consolation, a book of poems, was presented to Miss Margaret Balmert. In serving light refreshments Mrs. Kenrick was assisted by Miss Katherine Kenrick. Other entertainments are being arranged for Mrs. Kenrick's guests.

Miss Stephanie Holman entertained the members of the T. B. C. last evening at her home on Eighth street, honoring her guest, Mrs. James Edwards, of New Castle, Ind. The evening was spent in playing cards and sewing after which refreshments were served. The next regular meeting of the club will be held at the home of Miss Pearl White, on Third street.

The New Hope Class of the First Baptist church, will meet on Thursday evening at the home of Mrs. William Barbee, on Front street.

Mrs. Archibald Somerville and Mrs. P. C. Goodwin went to Iron-ton today to attend the Presbyterian meeting and will return home this evening.

The Ladies' Aid Society of Bigelow Methodist church met yesterday afternoon in regular monthly session at the church.

Rev. and Mrs. George Saraguse and three children, of Middleport, are coming soon to spend a month among relatives in this city.

Mr. Clarence de Bruin, of Winchester, is here to see his cousin, Mrs. John Heer, who has been ill for several weeks.

The Home Guards and Mothers' Jewels of Trinity Methodist church will give a play, "Home Missions by Airship," Friday evening at the church.

The recital given last evening at the German Evangelical church was a splendid success. The participants were Mrs. Philip Wickerham, organist; Miss Emma Lindemeyer, soprano and Mr. Clyde L. Knost, bass. The large church was well filled. The program was excellently rendered by three of our well-known musicians. Mrs. Wickerham was formerly organist at the German Evangelical church and only recently resigned that position. She is now substituting for Miss Marley at the Central Presbyterian church. Last evening she played unusually well. Miss Lindemeyer, who has a fine soprano voice, rendered her selections with much expression. Mr. Knost has a splendid bass voice. He is studying at the College of Music in Cincinnati under Hans Schroeder and has a position as bass soloist in the Knox Presbyterian church, Hyde Park. The entire program was a treat and was thoroughly enjoyed by all present. The program follows:

Organ—Andante from Fifth Symphony—Beethoven; Rustic Dance (from "A Pastoral Suite")—Clifford Demarest.

Bass Solo—Recit. and Aria—"Draw near all ye people" (Elijah)—Mendelssohn; Out of the Deep—J. C. Marks; Crossing the Bar—Dudley Buck.

Organ, In Springtime; Toccata in D—Talpal Kinder.

Bass Solo, It is Enough (Elijah)—Mendelssohn.

Soprano Solo, Now the Wings of Day are Furl'd—Shelley; Duett, Calm as the Night—C. Goetze.

Bass Solo—Gloria—Buzzi-Pecora. A good sum was realized from the silver offering taken after the program, for the benefit of the new Sunday school.

Mr. and Mrs. Walter Davidson and baby will leave next week for Indiana and Illinois, where they will visit relatives and friends for several weeks. Mr. Davidson is the pianist at the Lyric theatre.

Class Number 11 of the Hutchins Street Baptist church, will give a chicken supper Friday evening, April 23rd, in the church.

The Hamilton, O., Journal in its Tuesday's issue, had a long article concerning the golden wedding anniversary celebration enjoyed by Mr. and Mrs. Daniel Emrich of that city. The article says in part:

"Mr. and Mrs. Emrich are conscientious Christians and members of the German M. E. church. They were married at Portsmouth, O., on the evening of the 20th of April, 1865, by Rev. Cook, of the Bigelow chapel of that city, the minister of the German M. E. church being out of the city, and as he was not expected to return that evening, Rev. Cook was asked to officiate. Mrs. Emrich was before her marriage Miss Frances Peters. She was born in Germany and came to this country when a girl of 9 years, with a large family of sisters and brothers and her parents, a sad incident of their voyage being that her mother died at sea. The rest of the family upon arriving in America finally located at Portsmouth, O., where she later became the bride of Daniel Emrich, who had been born and reared in that city.

"Many beautiful flowers were bestowed upon the celebrants, and their pretty home was indeed beautiful with its profuse decorations of hearts, flowers and wedding bells."

General Jacob H. Smith has gone to Cincinnati to spend a few days with friends.

Mr. and Mrs. Otto Saulsbury, of 1655 Seventh street, have gone to London, where they will spend the summer.

Mr. and Mrs. Edward Treat, who were recently married, will soon go to housekeeping at 816 Front street.

Skin Like a Lily or a Rose -- It Is Easy and Sure --

A Few Other Beauty Secrets

Valeska Suratt, Celebrated on the American Stage for Her Self-Made Beauty, Gives Some Extraordinary and Simple Methods of Acquiring Quick Beauty.

By Miss Valeska Suratt

HOW often have we seen women of beautiful features, but with post complexion attracting for less attention than those of merely ordinary features, but with complexion superb and adorable. Faces clear and pure are only a small percentage of women who are really beautiful in features. But there are millions of women who will realize the tremendous advantage which can be had by using every perfect complexion in spite of a lack of beauty of features. The quick changes

"It Is Now Comparatively Easy to Make the Skin Exquisite in a Very Short Time."

which are now made possible in skin beauty are really startling, but it is regrettable to note that the means are not known to many. These changes are not only quick but modest in cost. It is all dependent upon what you use. There is a formula which requires no preparation known for beautifying the skin. In ten minutes it thoroughly cleanses every woman to stop using all other skin beautifying creams and use this formula. Simply mix one teaspoonful of bicarbonate in a pint of water and add one ounce of alumina. This formula is certain to liberally and very soon. One who will use on a most decided clean skin and purity, and every beauty spot, spot, freckle and blemish will have disappeared. This formula should be used by the woman who uses it. The skin can be treated at any drug store at a moderate price.

MRS. O. N. S.—Blackheads are simply a local trouble and black heads will do no good. It is not generally known that blackheads may be thoroughly removed in a few minutes by getting a sponge, wetting it with water, speckling some powdered nixtal on it, and then rubbing it on the blackheads. It is almost magic in result and every blackhead will disappear. Do not use face cream, and you will not be troubled further. It would equally well in very severe cases.

SAHM M. H.—I do not wonder that you did not succeed in removing the superfluous hairs you mention. Why not observe the following formula for removing them? By moistening the hairs with simple soda solution, every hair, heavy and light, disappears in a few minutes. Instead of having a red spot where applied as other depilatories do, the skin on the contrary, is left soft, smooth and clear. If you druggist hasn't the simple soda solution get the soda powder. It is produced in the same way you wet it with a little water before using.

HEMERT—To develop the best hair of ten proves a difficult matter. Although you can never be sure of success, nevertheless the following formula is the very best you can use. Take a half pint of cold water, add two ounces of vinegar, and while at any drug store, and add a cup of salt. Mix thoroughly. Rub of this two tablespoonfuls after meals and at bedtime.

MRS. T. M. P.—Applications of iodine to the face and neck will not only remove the unsightly and excessive freckles, but also the redness and inflammation, and as aconitine. This keeps the skin fresh, keeps the pores open, thus under control, prevents eruptions and the damage to garments from freckling. It also destroys all body odors immediately.

Marting's PORTSMOUTH, O.

WILL ASK NEW BOSTON TO PROBE "BLACK HAND"

Police Chief W. T. McCarty after conferring with the mayor has decided to take up with the New Boston authorities the Black Hand letter received by Director Joseph Lake of the public safety department a few days ago.

The Italian letter which was mailed from an N. & W. train, has been translated and reads as follows:

Director of Public Safety, Portsmouth, Ohio.
Dear Sir:
I wish you would try to locate a woman by the name of Sera Rosina who left her husband with a young man of the Black Hand Society. He has a seven shooter revolver and a stiletto which he carries in his valise. He, in company with other men, belongs to the Black Hand Society and are also engaged in "White Slave traffic." They are located at Stanton avenue, Portsmouth, near the steel plant. They sell beer without a license. I happened to be in Portsmouth and lodged at the place at night. They asked me if I wanted to join their society but I told them I was looking for work. They made me pay \$10 for the night's lodging and threatened to kill me if I ever told anyone about them. Please arrest them immediately. If not I will write to President Wilson in Washington to take the matter up at once. Urging that you make an immediate arrest of the parties, I am,

Yours truly,
(Signed)

Heap Big Excitement.

There was excitement to burn out on the banks of the Scioto below the Stockham ice plant Tuesday at 5:30 the principals were Jack Lloyd, Anderson's capable advertising manager, and a fish believed to be a twin brother of the one Jonah swallowed on his never to be forgotten trip to Nineveh. Jack was quietly fishing for small "breakfast fry" and enjoying the beautiful morning, when some sort of whale, spurned presumably, almost yanked him into the river, but getting his balance Jack held on for all he was worth—and so did the fish, while or whatever it was. Now when you hitch a 210-pound drygoods man on one end of a fishing line and a critter like that at the other something is bound to give way, and in this case it was the line, as a small fishing line was never intended for towing tow-boats, and Jack avers that fish pulled like one. The sequel is that Jack failed to corral anything but a grouse, while the fish is now half way to New Orleans on his way to a noted fish doctor to get out that pesky hook.

Germs Can't Stay With This Treatment

No Impurities Can Retain
A Foothold—They're
Driven Out.

The action of S. S. S., the famous blood purifier, is direct from the moment it enters the stomach. Unlike food that must be acted upon by the digestive juices, S. S. S. goes at once into the blood, and in less than five minutes has traversed the entire circulation.

It now rapidly spreads its medicinal action in the fine network of blood vessels and is like giving the blood a thorough bath to overcome excess, blood poisons, boils and other eruptive conditions. It can not harm any part of the system. It does not irritate the joints as do mercury, arsenic and other minerals frequently to be found in blood remedies. It is a natural medicine for the blood, just as essential to health as food and water. Write to the Swift-Specific Co., 104 Swift Building, Atlanta, Ga., if the directions with the bottle do not fully cover your case.

Foreigners Released, Murder Is Unsolved

The three foreigners arrested at Silver Grove, Ky., after L. A. Howley, a C. & O. switchman, was murdered last Friday night, were released at Newport, Ky., Tuesday.

Coroner Digby had satisfied himself that the foreigners had no connection with the murder. Two of them proved that they were traveling toward Cincinnati in quest of work. The other also gave a good account of himself. The authorities are now practically at sea as far as fastening the many recent crimes at Silver Grove on any particular person or persons although several clues still remain to be looked up.

Fifteen switchmen, who were Howley's fellow workmen, have just issued a public statement in which they declare that they were

his sincere friends and were very much affected by his untimely death. They also declared it was their belief Howley knew absolutely nothing in regard to the slayers of Leslie Johnson, a C. & O. detective a few weeks ago. Some officials had expressed the belief that Howley was slain because of information he possessed against the murderers of the detective.

The body of an unidentified man, about 40 years of age, and to all appearances a foreigner, was found alongside the round house track of the C. & O. at Dayton Hill between Dayton and Newport Tuesday. His skull was fractured. It is thought he was jostled from a freight train on which he had been beating his way and fell under the wheels.

2 WOMEN; 1 MAN; SCRAP

An indignant Ninth street woman called at The Times office today and requested a "write-up" of a certain Hilltop woman who has an automobile, and who the Ninth street woman says is trying to steal her husband. She said that the woman flirts with her husband outrageously, and if it is not stopped that legal proceedings will follow. She says that the Hilltop woman affectionately calls the aforesaid husband "Her bald-headed boy." According to the Ninth street resident she slapped the ears of the Hilltop woman recently.

Moose Installation Impressive Affair

Installation of the newly elected officers featured the regular weekly meeting of Peerless Lodge, Loyal Order of Moose, Tuesday evening. The installation ceremonies were in charge of Attorney Philip Jacobs, who inducted the following officers into office: Past Dictator, William Barrow; Dictator, Joseph M. Kral; Vice-Dictator, Roy McElhenny; Prelate, Charles W. Wilson; Secretary, Harry C. Huddleson; Treasurer, Albert Duclier; Inside guard, Roy Newman; Outside guard, William Kirsch; Sergeant-at-Arms, W. J. Scott; Trustees, Charles Kiegl.

At the conclusion of the ceremonies William Barrow, the retiring dictator, was presented with a beautiful jewel, an insignia of his office, as a gift from the lodge. He acknowledged the gift in a brief speech, full of appreciation and feeling.

The lodge has under consideration the advisability of bringing a carnival company to this city this summer, and a committee was appointed to get into communication with the best organization that can be found. The committee consists of Roy McElhenny, St. Strauss, Paul Esselborn, Fred Baerman, J. T. Kennedy and Jacob Jacobs.

Two candidates, Roy Cunningham and Clyde E. Starr, were initiated into membership with impressive ceremony.

A large crowd was in attendance and enjoyed the buffet lunch served at the close of the lodge session.

Corn Planting Delayed

"Corn planting has certainly been delayed on account of the lack of rain," said Judge J. W. Bannan Tuesday afternoon. "My men at the farm have not planted a single grain of corn and will not until a good rain comes along. And I understand that many other Scioto valley farmers have not planted corn owing to the long dry spell."

Inquire About Meeting

Pipe Chief W. A. McQuat is beginning to receive inquiries from officers of the Ohio Firemen's Protective Association relative to the arrangements for the annual meeting which will be held in Portsmouth September 7, 8 and 9. It is planned to issue a souvenir booklet of Portsmouth containing an illustrated history of the city's volunteer and paid fire departments.

Going Over System.

Alan Simpson, an expert accountant, is going over the system used by the Portsmouth Street Railroad and Light company. All of the firm's property is being re-appraised and Mr. Simpson will be in the firm's employ for several months.

FR. SCHNEIDER SICK

Portsmouth friends of Rev. John J. Schneider, pastor of St. Joseph's church at Ironton, will regret to learn that he was stricken with appendicitis late Tuesday and that an operation had to be performed upon him at an early hour Wednesday as the only means of saving his life. It is believed that the operation was successful and that Father Schneider will recover. He is, however, a very sick man, his temperature during the early part of Tuesday evening running as high as 106.

SOUTH WEBSTER YOUTH FOUND LOITERING ON STREETS AND ARRESTED

Shirley Harding, a South Webster boy, was arrested at Third and Market streets about 5 o'clock Wednesday morning by Officer Harding for loitering and was taken to headquarters for safe-keeping. He was being told a suit case and could not give a satisfactory account of himself. He claimed he had come from Cincinnati.

During the time lodged there he was released from prison he was then dismissed.

Kinser Back Home, Explains Trouble

Oscar Kinser, who was arrested at Vanceburg, Ky., by Officer Eggers, of Greensburg, has returned to his home, 923 Chillicothe street, he having been released under only \$100 bond. Mr. Kinser says he will have no trouble in proving his innocence of the charges against him, which he says arose from the fact that he was accused of giving liquor to a minor. He says he never engaged in bootlegging and also denies strenuously that he furnished whiskey to a minor.

Mr. Kinser was indicted a year and a half ago. He has been living for several years in Portsmouth, has been industrious, and has not been in any trouble in this state. His friends here are sure he will get out of his difficulty soon.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the pores of the skin and to urinate. The blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a teaspoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia salts. It is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking for any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, scaly, itchy scalp and falling hair. It darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge with soft water, dip it in the bottle, rub it through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

FEW CRISP SPORTLETS

Clark Griffith says Walter Johnson will win 30 games for the Senators this season. McGraw said the Giants would win the pennant last year.

There is more interest here in the Reds than there has been in several years. All the fans are putting for Herzog and his clan.

Up in Columbus the fans claim Louisville will win the A. A. flag. What else could they say after the Colonels lambasted the Senators four times in one series.

The Brooklyn Reds would pay \$10,000 for Nick Culp. But \$10,000 is such a paltry sum in the Federal league.

Joe Jackson would make a good Federal League player.

OH DEE DUM, REDS WON

Going up! Watch your step. Yes and watch the Reds. Aren't they the climbing kids? They again defeated the St. Louis team Tuesday. It was a 2 to 0 victory. One a fly roller, Huggins, converted into a safe punt. The score:

BATES RELEASED

The Cleveland Beaneaters have released Third Baseman Ray Bates. Last year Bates looked like big league timber. He was here with the Beaneaters.

New League Being Formed

Del Sayre, former star pitcher at the Ohio State University is organizing a league in the east fields of West Virginia. It is likely that Scout Billy Doyle will send some of his excess time to this new league.

Have Booked Many Games

Walter Seville and Sam Mowrey will organize a fast club in the East End which will be known as the All-Professionals. They have quite a few out-of-town games booked. They have the opening games with Winchester, O., to be played at Winchester and also have games booked with Hillsboro. They expect to play most of the games out of the city.

LUCASVILLE WON

Lucasville has a fast ball team ready to meet all comers. In their last game the Fullerton White Sox went down to defeat by a score of 15 to 2. The Lucasville team had everything their own way. Crabtree who did the twirling, being very effective.

CENTRAL OPENS

Port Wayne, Ind., April 21.—The 1915 season of the Central Baseball league will open today with Youngstown, Ohio, leading the way. Port Wayne, Ind., has been advertised through Mr. Jacobs.

GETS SENATORS

Manager Josh Devore of the Chillicothe Ohio State League club was here yesterday, and made arrangements to try out Pitcher Drake, infielder McDaniel and infielder Egan. All three worked with the Senators during the championship race. Drake is from McConnelsville, and was recommended by Wilbur Cooper. The two infielders are Urbana boys.

"DEL" DIDOING ON SCOREBOARD

Delmore Miller, the premier jockey of the Miller Pharmacy, has started his baseball service again this spring, much to the delight of the fans of the North End. Among the headlines taken off the wire Tuesday evening were:

"Pitcher Lear of Cincy has jumped to the Newark Reds."
"Pitcher Crum opens Ohio State League for Portsmouth."
"Catcher Weinberg has joined Dayton."
"Pitcher Donalds has joined the Cleveland Naps."
"Manager Spencer has signed Rube Walls and Pitcher Harter."

WEINY MAY LAND

Scout Billy Doyle firmly believes that John Weinberg is a real come-back and is in line to land him in job with the Cincinnati Reds. Weinberg has been managed this year by Buzz Wetzel. Weinberg has been hitting and throwing in great shape this spring. In practice Tuesday John lifted two over the garden wall.

CONTRACTS ARE MAILED TO BABES

The management of the Chillicothe baseball club has sent contracts to the following players:

Catchers—Jas. Sullivan, C. Holdren, Weber Wagner, Henry Blanchard, Ed. Beeny, Emmett Bur.

Pitchers—John Williams, Walter J. Brockley, Albert Kelly, Ewing Jones, Paul Barry, Nic Johnson, George Christman, George Garner, Ed. Layne and Clarence Patton.

Infielders—Clarence Kimball, Rodney Schenker, Ralph Nichols, Art James, Forrest Ashley, Stanley Hubbard, Joe Lamb, Bill Wiley, Johnnie McGinn, Jimmy Brice and William Estenot.

Outfielders—Gliff Barton, Paul Knapp, Fred Corbin, Ben Snider.

Baker Has Not Signed

The report that the new owners of the New York Americans are still after J. Frank Baker, of the Athletics, is still going the rounds, but there is no more truth in it than there was earlier in the season. Manager Mack wanted enough time last night to again deny the rumor, and said there was no chance of any club in either league getting Baker for any amount of money or players.

Mack has not asked \$25,000 and Third Baseman Masei in exchange for Baker, and declared again last night that Baker would play with the Athletics if he played at all.

SCHARMAN TO REPORT

President William Gableman received word Wednesday that Outfielder Schorman of Cincinnati will report to the local club the last of the week.

BOWLERS PLAN FOR BIG BANQUET

The captains of the various teams in the Masonic Bowling league will meet at 8:30 tonight at the Temple to decide upon the time for holding the annual banquet. It is hoped to make this banquet one of the biggest affairs in the annals of Portsmouth bowlers. Not only will the fee be a climax of the culinary art, but the triumphs will be on a par with the eatings.

TANNEHILL WITH FEDS

President Gableman of the Reds has sprung another bomb by announcing that Lee Tannehill, the one-time White Sox infielder, has been signed for service with the outlaws and that a club would be picked out for him later.

THOMPSON RELEASED

Pitcher Thompson of the Charleston team has drawn his unconditional release. President Gableman says Thompson looks like big league timber to him.

REDS GETS TONEY

The Cincinnati management has signed Pitcher Fred Toney. He was formerly with the Cubs and was a star twirler in the A. A. while with Louisville.

Nailers To Report

(Frontonian)
The baseball bat in fronton has begun to settle in proper manner this week when Manager Smith's recruits began to pour in from all directions and before the end of the week the present year's Nailer team should be assembled. The assembling of a team will be accomplished this year in only fifteen days, a much shorter time than has before been required. Manager Smith yesterday announced that Leslie King, an outfielder of the Western League, having from Tampa, Kan., had been signed and will report here Thursday.

Open Garage.

Roscoe Brady and Nevin Musser have opened a garage and general repair shop in the rear of the Brady theatre on Lawson street. They have installed machinery and will repair and overhaul automobiles, gas and steam engines.

Temporary Job.

Charley Bougholtzer, who recently resigned his position in the London Shop has taken a temporary clerkship in Charley Weber's shoe store.

TERMINALS

A number of N. & W. railway men well known here arrived from different places Wednesday morning to attend the funeral of Hayden Bush. They paid a visit to the N. & W. offices and renewed old friendships. W. O. Franklin, trumphet of the Pocahontas division with headquarters at Bluefield, W. Va., was formerly trainmaster here. L. C. Ayers, former Seoto division assistant superintendent now assistant superintendent of the Pocahontas division accompanied Mr. Franklin. Dr. C. J. Martin N. & W. physician at Wilcox, W. Va., was also among the number.

Peter Karavadas, foreigner employed as section laborer in N. & W. extra gang No. 91, stationed at Newtown, O., had the middle finger of his right hand mashed Tuesday while he had hold of a dump car at Gravel Pit, O., where a fill is being made. The company physician dressed the mashed digit.

Miss Marjorie Turner of 2201 Gallia street has taken Mrs. J. M. Pugh's place as teacher of the girl's class at the Tabernacle Sunday school, Mrs. Pugh having moved to the country. All girls of the class are urged to be present at the home of Miss Turner Friday evening.

Prayer service sat the Tabernacle Thursday evening with Rev. A. B. Johnson of Seototville in charge.

E. C. Tucker, N. & W. general yardmaster of the local yards returned Tuesday from a short trip to Cincinnati.

G. A. Rutledge N. & W. brakeman left Tuesday for Kenova to visit relatives.

Henry Johnson and family have moved from 2806 Gallia pike to Gallia street, city.

James C. Cummings, 50, assistant cashier in the N. & W. freight office at Ironton had one third of the thumb on his left hand mashed off Tuesday evening at the close of the day's work. He was closing the door to a large iron safe, his thumb being caught when it swung shut.

George Bruch, clerk to Trainmaster G. P. Turley who was married Tuesday morning will be given a royal reception by his fellow clerks when he returns to work. They are planning a number of surprises for Bruch who is turning his vacation into a honeymoon.

The marriage of Gerald Ridout son of E. F. Ridout, secretary of the Y. M. C. A. Tuesday to Miss Ethel Mantz was a surprise to his many friends at the Y. M. C. A. N. & W. shops and yards where he was well known. He worked at the Y. M. C. A. for several years filling the place of bookkeeper during the last few months. He now holds a clerical position in the east department of the Whitaker-Glessner company.

Sewing Circle Entertained

Mrs. Garrett Starks entertained the A. M. E. Sewing Circle last evening at her home on 13th St. There were twenty members present. Mrs. Mary Chapman of Cleveland, Ohio, guest of Mrs. William Gooden was an out-of-town guest. A two course lunch was served by the hostess. The next meeting will be with Mrs. Fanny Saunders on Tuesday April 27th.

PRINCE ALBERT

the national joy smoke

is genuine pipe-joy plumb full of smoke happiness and that means flavor and fragrance and dream stuff. But the one thing that puts P. A. in solid is the famous patented process that has sent the tongue-torture kinds back to the hills. The patented process

that makes P. A. so friendly is controlled exclusively by us. That's why we say there never can be another tobacco as biteless as P. A.

Prince Albert is sold at all smoke stations. The tidy red tin, 10c; the tippy red bag, 5c; also, pound and half-pound tin humidors.

Here's a hunch: We sure do recommend to our friends the 16-oz. crystal-glass humidor with the sponge in the top that keeps P. A. in fine condition. One home, one at the office, always assures some smoke!

LADIES OF MACCABEES TO HOLD CELEBRATION

Elaborate preparations are being made by members of Portsmouth Live No. 430, Ladies of the Maccabees, for the celebration of the second anniversary of the organization of the Live, which will be held on the evening of May 4th. At the meeting Tuesday evening the following committee was appointed to have charge of the arrangements:

Mrs. Bertha Harris, Mrs. Ledia Hall, Mrs. Nancy Purtee, Mrs. Sarah Warnock and Mrs. Hiram Cox. It is expected that the Grand Commander, Lady M. E. Olds, of Elyria, will be present and deliver an address.

One candidate, Teresa Maybelle Russell, was taken through the initiatory work of the Live during the meeting.

DYING, WANTS HER BOYS

Chief McCarty is in receipt of a pathetic appeal from Mrs. L. R. McElhenny, of No. 129 Lorain avenue, Columbus, asking him to locate Edward and Willard.

The woman states that she is 68 years of age and as she is helplessly afflicted with locomotor ataxia and tumor and her death only a matter of short time she wants the two young men to visit her. Edward is her son while Willard is no relation though she reared him as one of her own.

They are stove molders and formerly worked at the Ohio stove foundry and at the time lived at Fourteenth and Kinney streets.

The chief also received an unsigned letter from Columbus asking him to notify George Baumgartner, a local blacksmith, that Mrs. Baumgartner is dying at a tuberculosis hospital in that city and desires him to visit her.

GIRLS! HAVE BEAUTIFUL, LUSTROUS FLUFFY HAIR-25 CENT DANDERINE

To be possessed of a head of heavy beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an abundance of freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair, but your real surprise will be after about two

weeks' use when you will see new hair—fine and downy at first—yes—really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this.

Tempting The Fish
W. O. Horn, a Market street barber, spent Tuesday afternoon fishing on the Scioto river.

Under the auspices of the Federation of Woman's Clubs Mr. C. V. Williams, director of the Children's welfare department of the Board of State Charities, Columbus, will give an address on the work of the department at the Woman's Club parlors, Fifth and Court, Thursday at two o'clock. A preliminary survey of Ohio has revealed great neglect in many communities. An aggressive campaign in defense of neglected children is greatly needed. The department of Children's Welfare has already the sympathy and the moral support of many of the women of Ohio but it needs more than sympathy; it needs an active constituency. One way to secure this is through the opportunity to present the work of the department to the people in a more intimate, special way, in connection with the local problems of each community.

Father A. D. Dexter Is Called By Death

The Rev. A. D. Dexter, for 20 years pastor of the St. Mary's Catholic church of Chillicothe, and who had many warm personal friends in this city, passed away Tuesday evening at his home in South Charleston, O., where he had been pastor of the St. Charles Catholic church of that city for five years. His death was caused by aneurism, and followed an extended illness.

News of Father Dexter's passing away was conveyed in a telegram received here by his nephew, Charles Flynn, of 503 North Waller street. The funeral services will be held Friday morning, at 8:00 o'clock, from the St. Mary's church in Chillicothe, and interment will be made in that city.

Father Dexter is to have his funeral sermon preached in the church in which he so successfully presided over for so many years.

Father Dexter was 70 years old and is survived by one brother, James A. Dexter, of Frankfort, Ross county, and two sisters, Mrs. M. C. Flynn, of Chillicothe, and Miss Sarah Dexter, who lived with Father Dexter in South Charleston.

Father Dexter was one of the best known priests in Ohio and the news of his passing away will be heard of with genuine regret. He leaves hundreds of very dear friends to mourn his loss in Chillicothe.

Mrs. Catherine Collins and Mr. and Mrs. Charles Flynn, of this city, will attend the last rites of the deceased.

REV. M'AFEE HONORED

The Rev. T. H. McAfee, pastor of the First Baptist church, was honored at the meeting of the board of managers of the Ohio Baptist Convention held in Columbus Tuesday as he was empowered to go ahead and look after the evangelistic features of the annual convention to be held in September in Wilmington, Ohio.

At the conclusion of the board of managers meeting the program committee met and Rev. McAfee was placed in charge of the evangelistic features of the annual meeting. Delegates from all over Ohio will attend this meeting.

BENEFIT FOR "A-T-B."

Mrs. E. B. McFadden, collector for the anti-tuberculosis work in this community, has arranged with Francis Mack, of the Lyric theatre to give a series of benefit performances. Those interested in the work will sell tickets for an entire week at the Lyric with the exception of Tuesday evening, beginning May 3. It is hoped to raise a considerable sum in this way.

JUDGE HAD CLOSE CALL

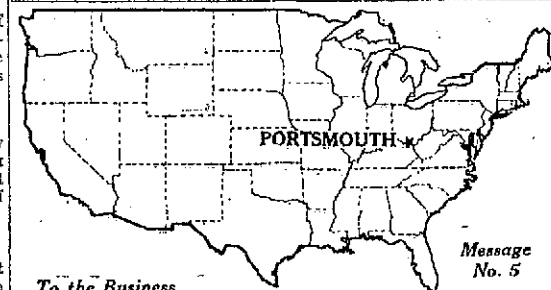

While in Vancouver two weeks ago Judge Noah Dyer had a very narrow escape from being run down by a big automobile. Judge Dyer says they use the wrong side of the street to drive on up there and he stepped right in front of a machine and it grazed him as it passed by.

James Barry In City.

James Barry, general foreman of the N. & W. shops at Bluefield, W. Va., is visiting his parents, Mr. and Mrs. Richard Barry of Gallia street. He will return to Bluefield tonight.

More Applicants.

Two more applicants have developed for the vacancy created on the county board of elections by the death of Dr. J. B. Ray. They are J. S. Violet, of Lucasville, and Hiram Barney, of Wheelersburg.

To the Business Men of Portsmouth

The prosperity of a city is in direct proportion to the local pride. Where local pride runs high, prosperity has a firm foothold. Such a town is a good place to live and do business in.

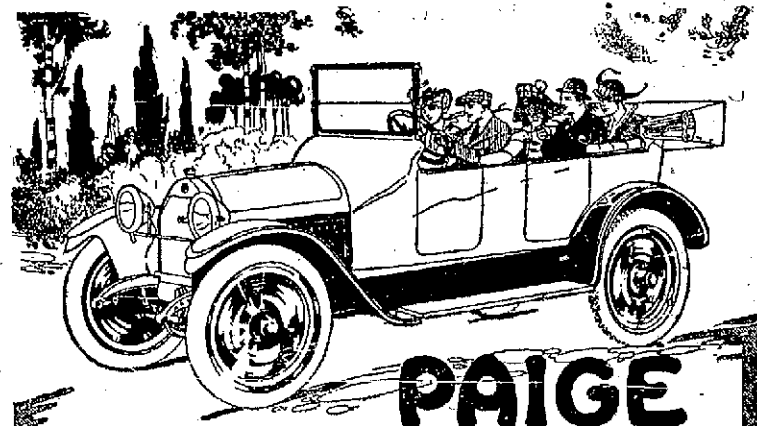

Paint helps to a remarkable degree in spreading an impression of prosperity throughout a community. It gives a fresh, new, inviting look wherever it is used. Municipal buildings, stores and homes feel its good effects. Growing business is bound to be one of the direct results of a liberal use of paint, not from any magic in the paint, but because of the pride which is stimulated.

PAIGE

"The Standard of Value and Quality"

In Paige Cars You Will Find Real Economy.

Real economy in motor cars is vastly more than a mere matter of tire mileage and low gasoline consumption.

Practically any car of light, "limsy" construction will make a creditable showing so far as its tires and carburetion are concerned. But *Repair Bills and Depreciation* may tell quite a different story. And these—after all is said and done—are the items of upkeep which stamp your car as an Economy or an extravagant Luxury.

If you have seen the new Paige Six "46", you can readily understand why the item of Depreciation on this car is bound to be a small one. This car is one year ahead of the field. It is not an old model "dolled" up with a fictitious 1915 label and a fictitious price. It is refreshingly new in lines, design and equipment. It belongs to no "school" for it is rapidly establishing a school of its own—the *School of 1916*.

"The year ahead car"—that's what they call the Paige "Six." And if you are really interested in economy, that is the car you will want to buy.

Economy in the Paige "Six-46" Economy in the Paige "Four-36"

\$1395

\$1075

The Paige-Continental 3 1/2 x 5 1/2 motor is undoubtedly the most efficient power plant that can be found in the light Six class to-day. This motor possesses a world of power and "snap", but—in combination with the celebrated Rayfield carburetor—it reduces gasoline and oil consumption to a minimum.

Then, the Paige Six weighs only 3100 pounds ready for the road. Resilient cantilever springs insure that marvel of easy riding, and with scientific weight distribution—there is no unnecessary wear and tear on tires.

So, mechanically, the Paige Six owner can depend upon substantial savings in gasoline, oil, tire and general repair bills. And—most important of all—he knows that his car will suffer less depreciation than any other light Six on the American market. This, because of Paige Design—"year ahead" Design.

All Paige cars are equipped with the Gray & Davis starting and lighting system—the unexcelled Bosch magneto—and a multiple disc clutch with cork insulator. No better features appear on any car—at any price.

BOY SCOUT NEWS

Good Meetings Last Night

Four good Scout meetings were held last night in the city. The Kendall Avenue troop held the best meeting in the history of the troop with a record attendance.

The meeting was in charge of Scoutmaster James Haislet. Troop 9 met at the United Brothers church. The boys gave Scoutmaster Sam Evans a hearty welcome last night after a month's visit to Oak Hill. A good live program was carried out.

The East End Patrol Leaders met in social session at the home of the senior patrol leader, Frank Davis, on Monroe street. Refreshments were served at the close of the program.

The Fox Patrol of troop 2 met with Richard Anderson at the home of his parents on Rose Ridge. A good crowd was out and the meeting was in charge of Patrol Leader Howard Lowrey. The feature of the evening's program was a debate.

Eight New Second Classers

Eight boys attained the Second Class rank last night at a meeting of the Sciotoville troop which was held at the Scout club rooms. The lucky boys were: Carl Waldan, Leslie Benthe, Paul Steadman, Lewis Kent, Thurston Corriell, Harold Williams, Edgar Moore, and Maurice Fewkes. One member was obligated in the tenderfoot degree: Horace Jones. Badges will be presented to the new second class Scouts at the next troop meeting.

Opening Session

One of the chief features of the opening session of the Sciotoville Conference on next Friday evening will be the musical part of the program. The Boy Scout Brass Quartet consisting of Scouts Shaw, Lowrey, McCoy, and Bennett, will render the following numbers: "Sweet and Low," "Old Kentucky Home," "How Can I Love Thee," Miss Anna Davis, well known local vocalist, will sing: "The Rosary," and "Irish Love Song." Mr. Charles Brunner, director of the Boy Scout band, will play all the Scout bugle calls. The debate between troops 2 and 9 will close the program of the evening. This meeting is an open one and the public is cordially invited.

Boy Scout Briefs

Boy Scouts will sell tickets for the benefit of the tuberculosis camp next week.

Troop 4 has begun the story of "Dan Fischer." Two chapters will be read at each troop meeting.

Troop 5 has re-registered for 1915 with Rev. S. Lindemeyer as scoutmaster.

Next troop meeting.

William Boelcher was elected assistant patrol leader of the Golden Eagle patrol of troop 4 at their last meeting.

The Panther Patrol of troop 6 will meet tonight at Boys' Headquarters.

Scout Howard Lowrey of troop 2 has been appointed official bugler for the Sciotoville Conference.

Francis Knapp has qualified as assistant scoutmaster of troop 8 of the East End.

Scout ball games for next Saturday are as follows: Tigers vs. Sciotoville; East End vs. Lucasville; Kendall Avenue vs. Fullerton. Boy Scout league will open Saturday, May 1.

Derriek Topped.
The breaking of a guy line caused a large derrick on the "Y" road job to topple over Wednesday morning. Fortunately no one was injured but the derrick was smashed to pieces.

West Union Visitor.
Oscar McManus, cashier of the First National bank of West Union, was a business visitor in Portsmouth, yesterday.

Mr. Thornton Better.
W. A. Thornton, who was recently injured when a filley bus was overturned at Twelfth and Waller streets, is much better and expects to resume his work in the carpet department of The Anderson Bros. store this week. His left ankle was sprained.

Wages War Against Speeders, Constable Daniels Fired Upon

I. W. Daniels, a Porter town-ship constable, miraculously escaped assassination when fired upon from ambush while driving his automobile between Scioto-ville and Wheelersburg Tuesday night at 8 o'clock.

A steel bullet was shot at Daniels from behind; it just grazing him and piercing the wind shield struck against the hood of the engine and on the rebound hit the fender. Daniels made a search for the unknown enemy but without result. He was in the city Wednesday securing new glass at Sommer Bros. hardware store for the wind shield.

Constable Daniels has been waging an active warfare against auto speeders in that vicinity and it is thought his vigilance in that respect is what came dangerously near costing him his life.

SAILOR DROWNS TROUBLE IN DRINKS

Tom McKinney, the veteran sailor, who complained to the police Tuesday about someone stealing his coat, must have drowned his sorrow in drink for some hours later he was found raving like a mad man in front of the Washington hotel. He fought officers all the way to the police station and was with difficulty placed in a cell. He was dismissed Wednesday on his promise to leave town. His coat was found for him.

IMPROVING PLANT

On Monday Frank V. Knuss of the Portsmouth Sloop and Range company decided to put concrete floors in his plant in the East End, a step that would eventually result in the entire plant being made as nearly fireproof as possible. On Tuesday he called in Contractor James I. Barnes, who is building the Garfield school building and outlined what he wanted done. The improvements to include a fireproof pattern vault. A contract was soon drawn up and signed by Mr. Knuss and Mr. Barnes and bright and early Wednesday morning Mr. Barnes had a force of men at work on the job.

Will Save Eye

Andrew Fucci, two-year-old son of Mr. and Mrs. Jerry Fucci of 1008 Ninth street, got hold of a bottle containing camphor Tuesday evening and spilled the contents on his face, part of the liquid getting in the left eye, causing him great pain. The eye will be saved.

Baby's Happiness Depends On Health

Cross, fretful babies usually need a laxative to make them comfortable and comfort brings happiness. Constipation is the cause of much discomfort. Mothers should watch closely the condition of their children's bowels and see that they are regular.

A mild, pleasant tasting laxative such as Dr. Caldwell's Syrup Pepsin, is ideal for children because of its natural composition and gentle action, and because it contains no opiate, narcotic or other harmful habit-forming drug. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere. A teaspoonful at bedtime will bring easy, certain relief.

A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

Stops Stomach Pains in Two Minutes

The recent discovery by a leading specialist that pure lubricated magnesium will almost instantly relieve pains in the stomach resulting from indigestion, dyspepsia or acidity is of the greatest importance to thousands of people suffering from various forms of stomach trouble. As is well known, nine-tenths of all stomach disorders are directly traceable to excessive acidity. A teaspoonful taken in a little water after meals not only neutralizes the acid and stops the pain, but quickly encourages the cure of the trouble, restores the inflamed lining of the stomach, and in a short time, effects permanent relief.

Divorce To Be Filed

It is stated that a separation has taken place between Leslie White and his wife, Mrs. Helen C. White, who were married a few years ago.

It is reported that a suit for divorce will be filed late Wednesday afternoon by Attorneys Johnson & Johnson, on behalf of Mr. White, gross neglect of duty being alleged.

It is understood that Mrs. White is preparing to take up her residence in Cincinnati.

Surprise Wedding

The many friends of Miss Edna McCann will be surprised to learn of her marriage to Ellis Cropper which took place at Vanceburg one week ago. Miss McCann is a daughter of Mr. and Mrs. Jefferson McCann of Sixteenth street and worked at the Selby shoe factory where the groom was employed for some time. They were married by Rev. Vander Poole of the Christian church. The bride is 22 and the groom 29. They are living on his farm at Nashtown, Ky., back of Vanceburg.

To Build Airdome

Fred Beloit, John Rensinger, and C. A. Bennett, promoters of the Scioto-ville's first moving picture house, held a meeting Tuesday evening and let the contract for the erection of an airdome to Bob Roberts, work to be started as soon as material can be put on the ground. The airdome will cost about \$750 and is to be ready for opening on May 20. The airdome will go up on Main street.

Billy Made Homer

Billy Southworth figured prominently in the Cleveland Beavers victory over Louisville Tuesday on his three trips to the plate. He lined out a home run and a single. Some ball player, this lad Southworth.

DAINGEROUS DEBILITY

Debility may result from a number of causes—worry, after-effects of acute illness, lack of nourishment due to indigestion, or anything that makes the blood thin, thereby preventing it from carrying health and nourishment to the tissues of the body.

The symptoms of debility vary but weakness is always present, often a tendency to fatigue easily, ringing in the ears, black spots passing before the eyes, weak back, dizziness, wakefulness caused by inability to stop thinking, and nerve-trembling sleep.

Debility is dangerous because it weakens the body's defense against disease. For instance, debilitated people take cold easily and winter is always a trying time for them. When one cold follows another the system surely needs building up.

The treatment of such run-down conditions with Dr. Williams' Pink Pills is based on sound medical principles and common sense. These pills build up the blood so that it nourishes every part of the body, nerves as well as muscles and brings vigor, strength and health.

Attention this paper and we will mail you the booklet "Building Up the Blood." Address: Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

ALSPAUGH EXONERATED BY VERDICT OF THE JURY

Five hours deliberation by the jury in the \$20,000 alienation suit of Edward E. Burt against David A. Alspaugh ended at 10:45 o'clock Tuesday night in a verdict for the defendant. The final vote was 9 to 3, it was reported.

The case went to the jury shortly after five o'clock Tuesday afternoon, and a short recess was taken while the members of the jury were taken out for supper by the court bailiff, Wylie Kates. They returned to the jury room directly after supper, and remained there until a verdict was reached.

The case started Monday afternoon at one o'clock and has attracted much interest, owing to the wide acquaintance of all parties to the suit in this city. Edward Burt held the defendant responsible for the separation of himself and wife, and sought damages to the extent of \$20,000. The jury held otherwise.

Mr. Alspaugh was defended in the suit by Attorney Theodore K. Funk, while Blair and Kimble represented Edward Burt.

Mr. and Mrs. H. B. Murray, Jr., of Offense street, are the happy parents of their first-born, a daughter, who arrived Monday, April 19, at their home. Mr. Murray is secretary and treasurer of the Peoples Paving Brick company. Mrs. Murray was formerly Miss Maude Young.

Mr. and Mrs. Charles Kugelhaan have named their new baby daughter "Doris Ann" for the grandmother, Mrs. E. F. Gates, of Iron-ton.

Mr. and Mrs. John S. Cablish and four children have returned to their home in Charleston, W. Va., after spending the winter in Deland and Fort Pierce, Florida. Mrs. Cablish was formerly Miss Georgia Bedell, of this city.

Mrs. Chas. Watts and baby, of Huntington, are here for a visit with her mother, Mrs. Dora White, on Sixth street.

A jolly party of young people gave Miss Sue Davis and Calvin Davis a pleasant surprise last evening at their home on Eighteenth street.

Miss Gertrude Schmidt was in Waverly Wednesday looking after her vocal class she has organized in that town.

Mrs. A. P. McCormick, former Portsmouth resident, now an inspector in the Ohio Industrial Commission, is in Portsmouth examining the various factories where women are employed. Mrs. McCormick is now a resident of Springfield.

Mr. C. B. Williams, director of Child's Welfare Department Ohio Board of State Charities, has been invited by the Portsmouth Federation of Women's Clubs to give an address on Child's Welfare at the Women's Club parlors Thursday afternoon at 2 o'clock. Everybody interested is invited to hear this able speaker.

ALLIES LAND TROOPS AT STRAITS

INDICATIONS POINT TO STRONG ACTION IN THE DARDANELLES

Berlin (via wireless to Smyrna) April 21.—The Tages Zeitung today publishes a special dispatch, the origin of which, however, is not given, saying that 20,000 British and French troops have been landed near Basra, in European Turkey, on the north side of the Gulf of Suez. A heavy bombardment took place between the Turkish batteries around Enos and the warships of the Allies.

A dispatch received in Berlin from Athens says great activity has been noted among the British forces on the island of Basra on the west entrance of the Dardanelles. Troop transports are arriving daily at Basra from Alexandria, Egypt. All indications point to strong action against the Dardanelles at an early day.

PARKER PRAISES AMERICA FOR HER "ALMIGHTY HEART"

Sir Gilbert Parker, the English novelist, in a speech in London, said the only course possible to a nation desiring to preserve its independence is to have a high reputation in the field of diplomacy. It has been in sympathy with the high mindedness and noble idealism of the American people in regard to the great events of the world's history.

Torpedo Boats Attempted To Penetrate Straits

Constantinople, April 20. (via wireless to Berlin and London, April 21)—An official statement issued today by the war office says:

"It is now definitely known that six torpedo boats attempted to penetrate the Dardanelles Monday night."

There was no previous announcement of a concerted effort Monday night by vessels of the Allied fleet to run the Straits and the above dispatch fails to disclose what was the result of the operation.

WOMAN ARRESTED FOR ALLEGED VOTE BUYING, 11 TOWNS GO DRY

Paris, Ill., April 21.—The arrest of H. Clay Moss, Democratic politician, and Miss Hattie O'Neil last night on the charge of buying votes at yesterday's city election was expected to be followed by other arrests today.

Warrants for a number of others, among them several women, have been issued and Sheriff W. R. McAllister said they would be served today.

Miss Flora Dawson and Miss Hattie Franklin appeared before Sheriff McAllister and alleged that Miss O'Neil paid them \$3 each for voting. It was said that Governor Dumm would be asked to order an investigation of the alleged traffic in votes.

Eighty Saloons Put Out of Business

Chicago, April 21.—Results of local option elections in 26 towns and villages in Illinois yesterday were claimed as a victory by anti-saloon leaders today. Eleven towns went into the dry column, abolishing about eighty saloons, and all previously dry territory was retained.

Figures provided by the anti-saloon league, showed that there

WON'T SELL LANDMARK

Plymouth, Mass., April 21.—The old Howland House, the only dwelling standing in America which has sheltered passengers who arrived on the Mayflower in 1620, will not be sold for debt, it was announced today by Mrs. Lillian V. Titus, secretary of the society of the descendants of the Pilgrims John Howland of the Mayflower. Mrs. Titus said that judgment on a note against the society had been satisfied, and that the ancient house would remain in possession of the organization.

NEW REVOLUTION IS BREWING IN MEXICO

WILSON POINTS TO AMERICA AS NATION OF SELF-CONTROL IN DEFINING NEUTRALITY

New York, April 21.—President Wilson, in an address at the annual luncheon of the Associated Press here late yesterday afternoon, gave a definite statement of his idea of true neutrality and of the duties that devolve upon America in connection with the European conflict at war. The president declared that the neutrality of the United States was not a petty desire to keep out of trouble, because there was something so much greater to do than fight. A great distinction, he said, was coming to the United States—the distinction of a nation of self-control and self-platancy. He said such a nation was bound to play an important part in adjusting the affairs of the world once the fighting is ended. "We have no hampering ambitions," he declared. "We do not want a foot of anybody's territory. Isn't such a nation bound to be free to serve the other nations?"

The president was introduced by President Frank B. Rowley of the Associated Press, and was greeted with cheers.

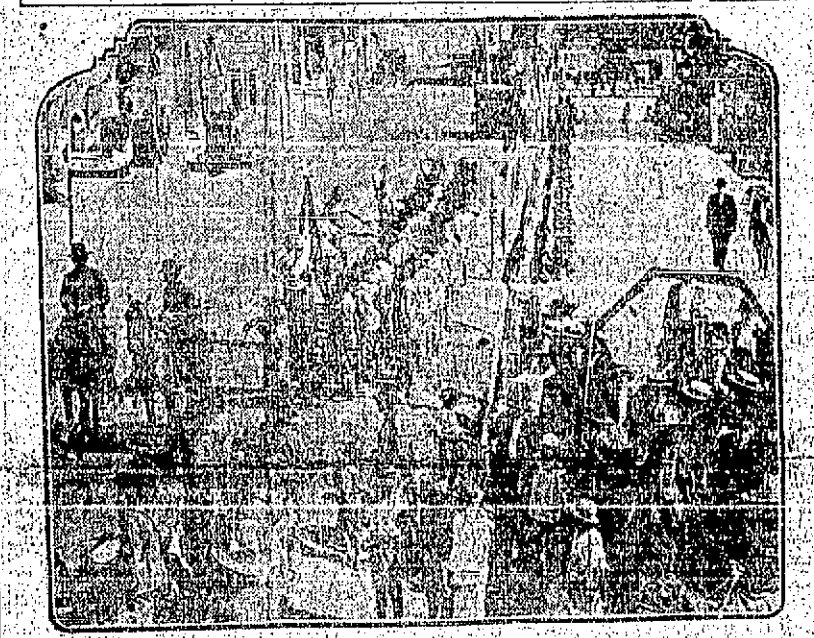

"I want to talk to you as fellow citizens of the United States," said the president. "There are serious things which, as fellow citizens, we ought to consider. The times behind us, gentlemen, have been difficult enough; the times before us are likely to be more difficult because whatever may be said about the present condition of the world's affairs, it is clear that they are drawing rapidly to a climax, and at the climax the test will come, not only of the nations engaged in the present colossal struggle, it will come for them, of course, but the test will come to us particularly."

"Do you realize that, roughly speaking, we are the only great nation at present disengaged. We have rolling between us and those bitter days across the water three thousand miles of cool and silent ocean."

"Our atmosphere is not yet charged with those disturbing elements which must be felt and must permeate every nation of Europe. Therefore, it is not likely that the nations of the world will some day turn to us for the cooler assessment of the elements engaged. I am not now thinking so preposterous a thought as that we should sit in judgment upon them. No nation is fit to sit in judgment upon any other nation, but that we shall some day have to assist in reconstructing the processes of peace. Our resources are untouched; we are more and more becoming by the force of circumstances the mediating nation of the world in respect of its finance. We must make up our minds what are the best things to do and what are the best ways to do them."

"There is in some quarters a disposition to create distempers in this body politic. Men are even uttering slanders against the United States as if to excite her. Men are saying that if we should go to war upon either side there will be a divided America—an adominable libel of ignorance; America is not all of it vocal just now. It is vocal in spots. But I for one have a complete and abiding faith in that great silent body of Americans who are not standing up and shouting and expressing their opinion just now, but are waiting to find out and support the duty of America. I am just as sure of their solidity and

CARRANZA TROOPS RETURN TO MATAMOROS WITH CAPTURED FLAGS

Carranza soldiers in front of City Building on Plaza de Armas, Matamoros, Mexico. This picture, taken last week in Matamoros, just across the international boundary line from Brownsville, Texas, shows a group of Carranza soldiers who have just returned to the city after a successful sortie in which they captured four Villa flags. It is believed that the Villa forces, who have suffered heavy losses, have practically abandoned their attempt to capture the Carranza stronghold.

T. R. TO FACE RIGID CROSS EXAMINATION

FIGHT TO LEAD D. A. R. TO BE SETTLED TODAY

Washington, April 21.—The fight for control of the national organization of the Daughters of the American Revolution, in convention here, was being settled at the annual election of officers today. The result of the balloting was not expected to be announced until tonight.

The balloting began promptly at nine a. m. today.

General Mrs. William Cummings Story, of New York, has been re-nominated for another term and Mrs. George Thatcher (Therapy) of Kansas, nominated by the opposition faction. Both Mrs. Story and Mrs. Quernsey were given big demonstrations after their names had been placed before the congress.

The balloting began promptly at nine a. m. today.

REFUSES \$35,000 GIFT FROM POSTAL EMPLOYEES

New York, N. Y., April 21.—Members of National Association of Postal Employees here are wondering today what to do with a \$35,000 gift which they had tendered to former Representative Thomas L. Reilly, of Meriden, Conn., and which he politely but firmly declined.

As a member of the congress from 1910 to 1915 Mr. Reilly had initiated considerable legislation for the benefit of postal employees. A few days ago Mr. Reilly was requested to meet a delegation of the postal employees at a New York hotel and the meeting took place here yesterday.

A silver plate had been made by the Postal Employees and on

it the \$35,000 in cash was tendered to the Connecticut man. Expressing his appreciation of the motive Mr. Reilly declined the gift, platter and all, saying that he had worked for the interest of the postal employees without thought of reward and that but for the fitness of the Connecticut electorate he would still be serving them in congress.

\$200,000 FIRE

Decatur, Ill., April 21.—Two hotels and two other buildings were destroyed by fire here early today, causing a loss estimated at \$200,000. Guests in both hotels escaped before the fire had gained much headway.

FORMER HUERTA MEN PURCHASING ARMS

El Paso, Texas, April 21.—Following recent Villa reverses, activities of the so-called reactionists, composed of former Federal and revolutionists of whom Huerta and Orozco were former leaders, became more apparent across the border. Several former federal generals have appeared here within the last few days. What is said to be a new revolutionary party has begun the purchase of arms and ammunition in some cases outbidding the purchasing agents of the Carranza and Villa factions. However, no expedition has entered Mexico as far as has been learned here, nor have any sympathetic uprisings yet occurred in the interior.

The entry of Obregon into Central Mexico and his apparently successful advance north along the line of the Mexican Central railroad has delayed more than ever the hope of reorganizing the Villa-Zaragoza revolution. Roque Gonzalez Gera, named provisional president at the Agua Oriental convention is said to be with General Zapata in the vicinity of Mexico City.

Villa leaders hope to crush Obregon by a concentration of troops from the east and west, combining with the routed army led by Villa in the center.

IMPORTANT FIGURE IN BIG BANK FIGHT

Milton E. Allen in first vice president of the Illinois National Bank of Washington, which has begun its reorganization proceedings against Secretary of the Treasury McAdoo and Controller of the Currency John Skelton Williams. Allen is second only in importance in the reorganization of the bank to President Glover. He succeeded Williams in the directorate of the Seaboard Air Line.

STEERS IN STAMPEDE, CHARGE SCHOOL HOUSE, CHASE PEDESTRIANS

Evansville, Ind., April 21.—Seven persons were injured yesterday when a herd of steers broke from the men who were taking it to a slaughter house and stampeded through the northern part of Evansville. One of the steers charged a group of children in a school yard. Another entered a dwelling house and wrecked the interior while a third invaded a grocery store. Others chased pedestrians. One of the animals was lassoed by a police man and choked to death and the others were captured by police.

Marion Green, a ten-year-old boy, was the only person to be seriously injured in the stampede.

Claim Capture Of An Important Position

Hazebrouck, France, April 21.—Emphasis is given to the importance of the success gained by the British troops near Ypres by details received here regarding the operation. The captured position possesses considerable strategic importance and had been defended by the Germans with desperate gallantry for weeks.

A number of German prisoners who passed through here after the engagement expressed little regret at having to leave the field, for they said they had been in the trenches all winter.

Kentucky—Part cloudy tonight and Thursday, probably showers in west and central portions.

West Virginia—Generally fair tonight and Thursday.

Ohio—Generally fair tonight and Thursday except probably showers in extreme west portion.

ELECT WOMAN 74 AS MAYOR

Chicago, April 21.—Mrs. A. H. Canfield, 74 years old, was elected mayor of Warren, Ill., yesterday, defeating her opponent by four votes. Mrs. Canfield is the first woman in Illinois to have been made chief executive of a municipality. Warren's population is about 1,500.

THE INNOCENTS ABROAD.

These embryo statesmen of ours, Messrs. Senator Tremper and Representative Sprague, who show their aptness at returning from that city of shame and sorrow, the state capitol, just like the veterans do, every Friday, according to the Morning Star brought back with them this last time, a fearful and wonderful tale. According to its version, which we take to be as voracious, in fact, as it is voracious suggestion, these able and dependable representatives of the confiding people of Scioto, with one voice and one word, explain they can not get any road money from the state because the wily and wicked Jim Cox peddled a mortgage on it before the good young man, Mr. Willis became governor and the road fund passed into the hands of the godly. The sum and substance of which is that the Cox highway commission gave away all this year's revenue to "Columbiana and adjoining counties," coupled "with \$230,000 which the same commissioner ordered into contract to spend on the old national highway." Besides all this depravity, the profligate Democratic legislature, in its last hurrah, cut down the state road levy from one-half mill to three-tenths of a mill, raising only \$500,000 for main market roads.

What these statesmen do not appear to know is there are two sources from which the state draws road funds. These are the so-called half mill tax and automobile license fees. The half mill tax before last year brought, we'll say in round numbers, \$3,000,000. One-fourth of this was set aside for the main market road fund. The remainder was given, one eighth, to each county. The main fund market road fund was not materially reduced by cutting the levy from one-half mill to three-tenths mill. It was deemed advisable that the state should not spend more than around three million dollars a year on highways, so as the total assessment of 1914 had risen far above that of 1912, the two-tenths reduction was made to send down the road fund to what it was in 1913 and that was just what it did, the variation not being more than a few thousand one way or the other.

So the unalterable fact is the state has not only as much but more money for roads this year than it ever had. That Scioto county is not getting a bigger slice at it is because none of these fellows that have been digging around these diggings in politics, have got any interest in good roads for the county, and if they have that they haven't got "the pull" and that is what goes at Columbus in these days of Willis.

Take it from this sleepless sentinel, Scioto county in this matter is getting just what she voted for.

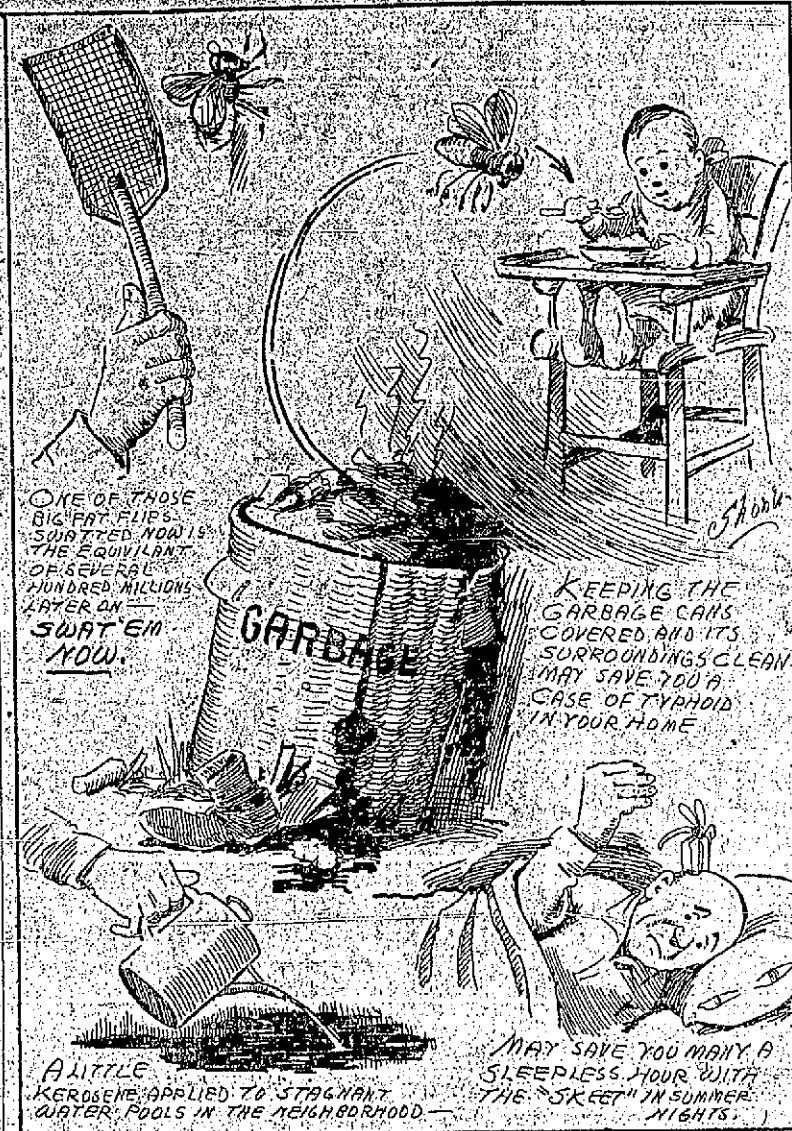

A WORLD WIDE PROBLEM.

When that word Przenysyl began coming in over the cable the proof reader took to throwing his every time it came and when she had asked us for the seventh time how is that foot Calanion city spelled we took to throwing something hotter.

The experience just goes, however, to show how selfish we are. It was our thought that we were the only living soul being vexed and harassed by Przenysyl, outside its gallant defenders, but here is the whole world perplexed over it, that is how to pronounce the marvelous combination of words that go to spelling its name. Not a day goes by that we do not pick up some exchange that we had trying to tell its readers how to pronounce the word, with variations and inflections so infinite and contradictory as to make confusion worse confounded. After trying them all we are inclined to adopt and recommend the version of a Wall street man, just returned from England. This man says London and the rest of the English world had an awful time with the word, and how to get it off the tongue was the cause of much general and varied discussion. Peace did not reign until the correct pronunciation was settled by a diplomat, who had spent several years at Petrograd. This diplomat, on the authority of Grand Duke Nicholas, so he says, asserts that the only correct pronunciation is "as though the internal compound were spelled 'Przenysyl-mesh-el'." If you find that too pretty hard just say "Perey Mitchell" right quickly and you've arrived.

Everybody sit up and take notice. An Ironton Republican councilman by the name of Coris compared Republican factional politics in Ironton to the Terre Haute brand and darkly hinted that many in our neighboring city had better take warning from the fate of Mayor Donn Roberts and his merry crew of things and political pirates. We long had suspicions of Ironton but did not dream that it was quite that bad.

THE OUNCE OF PREVENTION

PARADISE LOST.

Andrew D. White, famed as scholar and diplomat, said the other day that he had read some passages of Milton's Paradise Lost and admired them for their beauty and depth of imagination, but that he had never read the entire book and wink was more he did not think that there were many people who had done so. On top of this, the Columbia S. C. State says that if every English speaking person who had read Paradise Lost, from beginning to end would stand up and be counted there would be a mighty thin line of big boys. We don't know about that. In the course of a more or less active reading life we have been frowned down at least a hundred times by literary friends who have expressed their horror and indignation at our confession that we never had read more than half a dozen lines of Paradise Lost and what was more never expected to as it gave us the headache. Of course some of those who wanted to have read the thing may have only dipped into it slightly, but then we never felt that we had any right to be critical. If they were willing to risk Paradise by setting up false witness that was their own affair.

THE SUN ON PRESIDENT WILSON.

The New York Sun which has been a most rabid critic of President Wilson is now commending him for "his efforts to maintain an attitude of correct neutrality and of the same time to assert the rights of the United States during a time of exceeding delicacy in our international relations" and goes on to say that there "may be a strong reaction in his favor owing to the threats of vengeance being made against him by passionate adherents of foreign powers."

The Sun sums up its editorial review in these words: "With only two exceptions—Washington and Lincoln—has any president of the United States had so many difficult and perilous situations to confront and manage as has President Wilson. He has upheld the honor and dignity of the government, and preserved peace. The people of the United States owe him for these things their grateful support." The open advocacy of war against Mexico by some of the president's opponents and the passionate advocacy of war against Germany by former President Roosevelt indicates clearly what might have happened if the helm of the ship of state had been in other hands. And it is possible that not half of the difficulties, the trials and the labors of the entire composed and firm patriot who now has largely the destinies of our country in his keeping are known to his people.

There is a sort of law of compensation in all things. If the woman pays less attention to house, the man pays more. There are a hundred husbands proudly pushing baby cars right now, where only one humped fellow did the same thing some years back. And notice the improvement in the style of baby equipages!

Doc Kokos' COLUMN

Pass a Law
Are your neighbors very bad?
Pass a law!
Do they smoke? Do they chew?
Pass a law!
Are they always bothering you?
Don't they do as you would do?
Pass a law!

Are your wages awful low?
Pass a law!
Are the prices much too high?
Do the wife and babies cry?
Cause the turkeys all roost high?
Pass a law!

When M. D. finds new diseases,
Pass a law!
Got the mumps or enteric fever,
Measles, croup or "expertitis"?
Pass a law!

Are the lights alarming red?
Pass a law!
Paint 'em green, or paint 'em white!
Close up all their places tight!
My! Our town is such a sight!
Pass a law!

No matter what the trouble is,
Pass a law!
Goodness snakes, but ain't it awful!
Mind! What are we going to do?
Almost anything ain't lawful,
And the Judge is human, too!
Pass a law!

A Jitney Joke
A new joke comes with the advent of the jitney automobile, says the Orien Press. The joker asks his victim if he has seen the jitney transfers. The victim says he hasn't and asks what they are like and is told that they are like clothings because they are good on any line.

Between Girls
"He says our engagement must be a secret."
"And when do you get the ring?"

AN EASTERN VIEW OF WILLIS.

(Springfield, Mass.) Republican.
It is astonishing how quickly the most malignant spoils poison infects the Republican governors who have displaced Democratic executives. Something better was expected from Governor Willis of Ohio than what is now reported from Columbus. His dismissal of 102 district tax assessors to make way for Republican place hunters and his later demand for the resignation of fourteen Democratic members of state commissions on the ground that they are not in sympathy with a Republican state administration, these acts conform to the worst standards of spoils-mongering. To Connecticut and Colorado is now added Ohio, for in all three states has the Republican party, reinstated in office, been making a wretched exhibition in the line of civil service reform.

SLAUGHTER IN WARFARE.

Much is made in the press despatches from the European seat of war of 40,000 men having been killed in thirty days in one campaign. At the battle of Waterloo 60,000 men were killed and wounded in about six hours. At Beresina 75,000 men were killed in about twelve hours, and at Borodino 100,000 were killed in three days. The moderns have made great improvements in the art and equipment of warfare, but the ancients excelled in the fine art of killing.

Judging from the row that is going on in Ironton, they have decided it is best to have all the scripping about their new water works before they let the contract. On the whole that may be the better plan. Down here we built a plant and we have been squabbling ever since as to whether or not we got a lemon.

British sailors, thrown from their vessel into the sea by a German submarine were saved from drowning because they had on coats padded with fiber of fruit pods from the endormon an-fractiosum. Which is all plain and reasonable enough.

The auto is getting in its deadly work early. The toll for Sunday was 11 killed and twice as many seriously hurt.

Now for a good soaking rain and there will be no more complaint about the weather.

Letting the legislature run itself isn't much of a success when you have a legislature like the present one.

Business continues to expand. That is the best thing to hear and the best thing to keep saying.

One thing we don't understand about war is why even hundreds of men are always killed and captured.

Every dollar spent at home helps some.

HOW THE ANIMALS MADE GARDEN

"If I'm to have a garden," said Miss Elephant, "I rather think that peanuts are the things I want to plant. I've always liked to eat them, but really I don't know. So very much about them, I wonder how they grow."

Miss Elephant inquired and very soon she found the way to grow a peanut is to plant it in the ground. She quickly made her garden, and as the soil was fine, it wasn't long until she had a splendid peanut vine.

And then a sad thing happened. Miss Elephant, while working in her garden, espied Amelia Ant. This little Ant was sitting upon a peanut vine. "Get out of here!" Miss Elephant cried. "This garden bed is mine!"

Amelia Ant was sassy and nearly loved to tease. Said she, "You're very impolite, you really should say please. And then Miss Elephant got angry as could be. The way she stamped about that bed was terrible to see.

Amelia Ant slipped quickly off and wasn't hurt a speck. But Ella tore around until her garden was a wreck. And when her naughty temper had spent itself she found there wasn't one small peanut left sticking in the ground.

"The weed of old temper grows quickly, you see," said Wise, kind old Mother McGraw. "Next time if you'll try self control you will keep your temper and your garden, too."

"That ought to be a secret too!"—Kinsman City Journal.

A Bargain Hunter
"She intended to refuse him, but she is such a lover of bargains that she could not."

How was that?
"He looked so cheap when she turned him down that she snatched him up!"—Houston Post.

His Bush Time
Fifty feet of garden hose. Seven pounds of seeds. Little items such as those. Every fellow needs.

Don't forget the window screens. Is wife a last advice. Every two of these she needs. May perhaps suffice.

Laid down with things at night. Always on the wing. See the guy's subordinate. Fixing up for spring. —Charleston Gazette.

Not Favorably Impressed
"Can you tell me some way to cook potatoes?" asked the young wife who was doing her first marketing. "They are very nice just boiled in their jackets," suggested the greener.

"And have you no other potatoes than these?" she went on doubtfully. "These jackets do not look very stylish."

Just the Thing
"I have absolutely no one to make yet I would dearly love to perform on some instrument."

In that case, why not take up the bagpipe?
"What's that?" asked his friend.

"You can hold your socks up with thumb tacks,"—Columbia Jester.

Problem Solved
"Anyhow, there's one advantage in having a wooden leg," said the veteran.

"What's that?" asked his friend. "You can hold your socks up with thumb tacks,"—Columbia Jester.

Back to Earth
"Just wait till 1916," said the man who had sudden spalls of earth on his head.

"What'll happen then?" "Well, come to think of it, I don't know."

It is easy enough to whip Villa; all the trouble lies in making him stay whipped.

Let's see! How Standard used the war to boost the price of oil?

The question hereabouts is: Who will sit at Willis's right hand?

POLLY AND HER PALS

AW, NOW, DON'T JUDGE ASHUR TOO QUICK

Secured 55 Responses

To Stallier, commission merchant, believes it pays to advertise in The Times. An innocent little want ad, the inserted Saturday brought him a total of 55 responses by mail Monday and he called up and had the ad removed instead of running it a second time as originally ordered. He selected John Gallum of No. 1712 Gallia street, from among the applicants, the young man entering upon his duties at the Stallier store Tuesday. He was formerly employed as a clerk in the county board of education office.
